P R E F A C E .

In presenting to our friends and the stamp-collecting public in general the fourth edition of our catalogue we take this opportunity to thank our numerous patrons for past favors and hope that, in filling orders with the same care and promptitude as heretofore, we shall merit a continuance of their patronage. We have been compelled to make several changes in the general appearance as well as in cataloguing of Stamps, which changes, however, we hope will tend to increase the popularity of our catalogue, as it is our aim to make this catalogue the "Standard of the World." The illustrations, nearly 1900 in number, and giving nearly *all* the different types of Stamps, make this work very desirable for young collectors, and some illustrations of rare Stamps will prove new to even advanced collectors. Furthermore, the desire of a very large number of collectors to possess varieties of color, perforations and watermarks has induced us to include varieties which never before have appeared in a *price catalogue* and will undoubtedly prove of interest to collectors of varieties. We have always considered it a matter of individual taste of collectors to collect or not to collect varieties, and have aimed to include only such varieties that *were* varieties as originally issued by the various governments and are not due to private manipulations, such as changing colors by aid of chemicals, the sun, or by other processes. We have also not included such shades where the variety is due to printing. Light and dark impressions exist of every Stamp that has ever been issued, and these varieties (due only to the printer in using much or little ink) we do not consider of sufficient interest to include in a catalogue. To those collectors who wish to fill their Albums only with such varieties for which spaces have been allotted in their book we wish to say that they should always order the cheapest variety when there is more than one priced, and in comparing prices with the prices in other catalogues it must not be forgotten that we generally give the price for the *common* variety as well as for the *rare* one, and where other dealers quote only one price for one variety *our* lowest price for this same stamp will in most cases be found below the prices of other dealers. We claim to have the largest foreign correspondence of any dealer in Foreign Postage Stamps, and for this reason can offer our stamps at the very lowest prices genuine stamps can be sold for.

Our list of U.S. Locals (including Western Franks) is the most complete list that has ever appeared in a *price catalogue* and will, we hope, prove an acceptable appendix to our Catalogue of Government Postage Stamps to most collectors, and we hope that it will be the means to stimulate active search for these rarities so that we shall be able to price a larger number in our next edition.

In conclusion, we wish to add that although no originality can be claimed at this time for a work of this class—although in our list of Russian Government Locals, Confederate Provisionals, United States Locals and California Franks there will be found mentioned various types never before catalogued and which have been only recently resuscitated—we have endeavored to make a concise list of such varieties that are generally collected, and although we have spared neither time or expense to make this work as complete as possible there are undoubtedly a great many errors and omissions even in this work. None but those who have ever tried to compile a catalogue of postage stamps can have an idea of the work it is, with numerous "authorities" before you (Mount Brown, Gray, Pemberton, Dr. Magnus and others), all of whom disagree more or less on dates and color, and it is left to the compiler to use that information which he considers best. The compiler of this work has taken great pains in cataloguing not only the different varieties of stamps but has also, by comparing the original stamps in his own as well as in other large collections, endeavored to obtain the correct name of the colors as well as the correct dates of issues.

Hoping that this work will meet a really "long-felt want" of the advanced as well as the young collector is the sincere wish of

THE EDITOR.

En faisant des commandes de ce Catalogue, veuillez bien noter ce qui suit :

D'abord, vient le Numéro du Timbre-poste, ensuite la date de l'issue, numéro de l'illustration, la valeur originale, la couleur & prix que nous demandons pour un timbre neuf et usé, & aussi par douzaines, neufs & usés ; les prix sont en cents américaines & sont au comptant. Nous ne pouvons accorder des escomptes ni aux marchands, ni aux collecteurs.

Tous les ordres doivent être accompagnés de remise, afin qu'ils aient notre attention ; soit en traites, en mandats de poste, ou en billets de banque ; pour ces derniers, nous accordons généralement les cours qui sont cotés dans ce catalogue.

Tous les genres de timbres sont pris en échange pour d'autres timbres dans ce catalogue ; pour les prix que nous accordons pour les timbres étrangers, voyez notre "Circulaire d'Echange," que nous enverrons à n'importe quelle adresse, moyennant 5 cents.

Les lettres non-affranchies, ne seront pas reçues, toute lettre demandant une réponse, y compris des ordres doivent aussi être affranchies, autrement elles seront mises à la poste sans affranchissement.

Des collections, pour au moins 2,500 timbres, ainsi que toutes les espèces rares seront payées cash, quand on nous offre des timbres, on doit en même temps nous dire leur prix—nous ne payons pas plus cher que les cours designés dans notre catalogue.

L'adresse entière doit accompagner les ordres ; nous ne pouvons être responsables, pour des lettres perdues en route—les lettres de valeur doivent être enregistrées.

Nous avons toujours en stock, des Albums, pour timbres poste, en Anglais, Allemand, Français & Espagnol. Chaque timbre que nous offrons dans notre liste est garanti—dans des cas exceptionnels, quand les timbres originaux ont complètement disparus, nous offrons des impressions voir Antioquia 1 à 4, mais les Collecteurs les trouveront designés dans le catalogue comme ayant été reproduits.

En faisant des commandes de cette liste, veuillez toujours vous servir de la "liste de demande"—qui se trouve ci-incluse.

Tous les ordres pour les timbres, doivent être doubles de la remise envoyée, car il est impossible d'avoir tous les timbres en stock.

Des Catalogues contenant les prix en gros pour 100 & 1000 timbres seront envoyés gratis à n'importe quelle adresse.

SPECIAL NOTICES.

This catalogue has been gotten up specially with a view of aiding those collectors who desire to keep a check list of their stamps, not only of those issued to date, but also for future issues, so as not to be compelled to mark off a new catalogue every six months or so. For this reason supplementary blank leaves can be mounted on the guards distributed in the \$1. edition.

Collectors ordering stamps from this list should be careful to attend to the following:

The first number is the number of the stamp by which it can be ordered; then comes the date when the stamp was issued, number of cut which illustrates this stamp, original value of the stamp and color; then the price, unused and used, single and by the dozen. If you wish to order an unused Angola 5 reis stamp, price 3 cents, your order should read as follows:

ANGOLA NO. 1 3 CENTS.

Nothing more nor less. A printed list of wants accompanies this catalogue; if collectors will fill it out according to directions no mistakes can possibly occur. As it is impossible to have a full line of stamps constantly on hand a list of wants should be sent amounting to double the amount of money you may send. For instance, if you wish to order \$1. worth of stamps send a list of wants amounting to \$2. Money sent for stamps not in stock will be returned, unless otherwise ordered. The numerals after the color of the stamp signify the number of varieties that exist of same.

We will supply half dozens at dozen rates, but not less than half dozens.

FULL ADDRESSES SHOULD ACCOMPANY EACH COMMUNICATION. NOT RESPONSIBLE FOR LETTERS LOST IN TRANSITU. VALUABLE LETTERS SHOULD BE REGISTERED.

Remittances should be sent per P. O. Order, Banker's Draft, Bank Notes, or per Registered Letter. Small amounts, in unused current Stamps, cards or envelopes. For foreign bank notes we allow generally the rates as quoted for each country in this catalogue.

ABBREVIATIONS, &c.—After the name of each country come the following abbreviations: *A.* (Asia), *Af.* (Africa), *E.* (Europe), *N. A.* (North America), *S. A.* (South America), *O.* (Oceanica), *W. I.* (West Indies).

Under the name of each country the currency current there is specified so that collectors may know the meaning of the single letters after the numeral of value of the stamps. For instance "c." stands for cents centesimos, centavos, &c.; "s. g." for silber groschen and so on.

In some cases Stamps are printed in black on colored paper, and then the color of paper only is specified, for instance: Baden No. 1, instead of saying "1 K. black on brown paper," it reads "1 K. brown p." (brown paper).

Correspondents would confer a favor by sending to the undersigned any newly-issued or provisional surcharged stamps, envelopes or cards. ½ doz., 1 doz. or more of each kind. Other newly-issued foreign Stamps will be sent in exchange at face value, or money if preferred.

CONFEDERATE STATES (N. A.)

100 cents=1 dollar.

The following provisional stamps were issued in 1861 by the various postmasters of Southern cities prior to the regular issue by the Confederate Government. As all of them were recognized by the Government of the Confederate States, and letters franked with these stamps were delivered free of postage within the limits of the confederacy, they may well be classified among the Government Provisionals. All of these stamps are scarce, and some exceedingly rare, as they were in use only a short time, and were suppressed as soon as the stamps issued by the Confederate Government were received. The following are authentically known to exist; undoubtedly others exist. Collectors should be very careful in buying these stamps (as numberless imitations were made), and buy from responsible parties only.

All of the following were issued in 1861.

In 1861 the unperforated stamps issued by the Government were perforated by a firm in Paris (Susse freres) for their own use, very large perforations, as this perforated issue was only a private manipulation we have thought it proper to exclude them in this work.

All of the single, as well as the compound envelopes, on blue, lilac, buff, pink and green paper, were stamped to order by the British Post Office authorities for private individuals, but, as they were at all times available to prepay letters, and were also utilized for such purpose, they ought to be included in collections despite their semi-official character.

Provisional Issue.

These stamps, issued on account of change of currency in Portuguese India, were used only for a short time until the arrival of stamps of the new set. We can at present supply most of those

mentioned and priced and would strongly advise collectors who are desirous of completing their collection of this country to buy them now, as undoubtedly a great number of these provisionals will become very rare, if not at all unobtainable in a short time.

Local Stamps for the District of

WENDEN (Government of Livonia.)

[All local stamps of Russia are issued by the respective district authorities and are not issued by private individuals. These stamps are only issued in such towns or districts where there is no Imperial post-office, and are current only within the district where issued. The Imperial Russian post-office authorities having found it unprofitable to establish post-offices in all the small towns throughout the Empire, local authorities established "Rural" or Local Posts in their respective districts for distribution of letters, etc. These very interesting stamps are being withdrawn as soon as the Imperial Russian Post is extended to the various "districts" and will undoubtedly become quite scarce in course of time. Local stamps are current only in the district where issued. All letters to foreign countries must be franked with stamps issued by the general government. Russian local stamps can be placed in the same category with the stamps issued and current in the States of Antioquia, Bolivar, Panama, &c. The permission to establish local posts and to issue stamps for use in this district was granted by a special Imperial Decree (see St. Petersburg Exchange News of September, 1870) on condition that the stamps so issued would not resemble the Imperial stamps in design.]

We constantly have from 25 to 50 varieties *used* Russian locals in stock, but as the demand for them is larger than the supply, we cannot price them as in stock. Will send sheets on approval. All Russian locals we offer we have received direct from Russia, and not from European dealers who offer a great many imitations at a much lower price than above quoted. New issues received as soon as they are emitted.

WESTERN FRANKS.

Impressed by various express companies upon plain and on Government Stamped Envelopes, the stamp or frank printed on the envelopes signifying the charge of the various express companies for carrying the letters, etc.

EXPLANATION.

First comes the number of the envelope by which it may be ordered; then a letter (A, B, C, D, E or F), signifying in what position the frank is stamped on the envelope, viz:

A signifies that the frank is impressed in left upper corner of envelope.

B signifies that the frank is impressed in left lower corner of envelope.

C signifies that the frank is impressed in right lower corner of envelope.

D signifies that the frank is impressed in right upper corner of envelope.

E signifies that the frank is impressed across left end.

F signifies that the frank is impressed at top of envelope in centre.

Then comes the color the frank is printed in; then the style of envelope (plain or stamped); then color of envelope, using abbreviations as follows:

E. signifies envelope.

p.e. " plain envelope (without govt. stamp)

B. " that color of envelope is buff.

C. " " " cream.

W. " " " white.

Y. " " " yellow.

Bl. " " " blue.

A. " " " amber.

Generally the franks are impressed on United States Stamped Envelopes, the number of which is given in the following list. Take, for instance, No. 729, the abbreviation reads—729 A, black on No. 124—and means "J. Bamber & Co.'s frank is impressed in left upper corner in black on 1861 issue, 3c envelope, on white paper;" or take No. 722, reading Alta Express Co. 722 A black on p.e., B., and means that A. E. Co.'s frank is impressed in left upper corner in black on plain envelope, buff color.

We have priced a few of the franks which we generally have in stock. The others not priced are, with a few exceptions, worth from 25 to 50c each. We often have others besides those priced in stock.

This magnificent work is now ready for delivery. The name of the author is a sufficient guarantee of its reliability and completeness, while the marvelous accuracy of the engravings make the book one which is needed by all and can be dispensed with by none who are interested in the stamps of our own country. The illustrations show

ALL THE KNOWN TYPES; ALL THE VARIOUS SHAPES; THE SEVERAL WATERMARKS.

The list includes

ALL THE VARIOUS SIZES; ALL THE DIFFERENT PAPERS; ALL THE RULED AND FAINT-LINED ENVELOPES; ALBINOS AND REGISTERED ENVELOPES.

In fact *everything one wants to know* about United States Envelopes is in this Book. The Remarks and Closing Notes to each issue contain many items of interest and value upon the peculiarities of the envelopes and hints as to their comparative rarity.

This work is the most valuable one of the day to the collector, and will take the place it well deserves—that of the first authority on the subject it treats. The mechanical part of the work is all which could be desired, Messrs. Bavis & Pennypacker having done their best.
