Grading and Condition

Superb	Extraordinary item in the finest condition.
Extremely Fine	Outstanding and exceptional quality.
Very Fine	Choice, first-class condition.
Fine-Very Fine (F-VF)	Stamp or cover in sound condition; if a stamp, it is slightly less well-centered than Very Fine but better centered than Fine.
Fine	Sound in all respects. Perforated stamps will have the designs clear of the perforations; the designs of imperforate stamps will not be cut in to any significant degree.
Very Good (VG)	Imperfect centering (stamps) or poor general appearance.

Any stamp faults such as a thin spot, tear, crease etc., will be described at all times. Postally used covers should be expected to have the normal degree of wear associated with them and this wear is not grounds for return. The grade of a cover is independent of the grade of the stamps on it. Covers from the famous Carroll-Hoy correspondence will normally have a small unobtrusive staple hole. In lots containing several items, degrees of condition denote the overwhelming average and examples above and below such condition can be expected.

Terms of Sale

Bidding

I. All bids (whether by floor bidders, mail bidders, or telephone bidders) will have a premium of 15% added to the auction sale price.

II. All bids are per lot as numbered in the catalog unless otherwise announced by the auctioneer at the time of sale. The right is reserved to withdraw any lot prior to sale, to divide a lot, or to group two or more lots, or to act on behalf of the seller. Schuyler Rumsey Philatelic Auctions, Inc. will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids. Schuyler Rumsey Philatelic Auctions, Inc. is not liable for bidding errors related to live auction internet bidding and/or the loss of internet connection during the live auction.

III. The highest bidder shall prevail; lots are sold at one increment over the second highest bid. Should any dispute arise between bidders, the decision of the auctioneer as to the successful bidder and the reoffering or resale of the lot under dispute shall rest entirely on the judgment of the auctioneer. The auctioneer shall regulate the bidding and reserve the right to refuse any bid believed by him not to be made in good faith.

IV. Consignor has and retains the right to bid personally, or by his duly appointed agent, through the auctioneer, unless the sale is advertised and announced as one restricting such bidding by consignors or their agents.

Payments of Purchases

V. FLOOR BIDDERS. Floor bidders shall furnish the auctioneer their names and addresses prior to bidding on any lot. The name and address of the buyer of each lot shall be registered with the auction house following the sale of each lot. Payment of the whole purchase price shall be made by the floor buyer in such manner as the auctioneer may determine. Special credit arrangements must be made prior to the sale.

VI. MAIL BIDDERS. A successful mail bidder will be notified of lots purchased and must remit payment before the lots are sent. Auction bills are due and payable upon receipt of notification. If buyer's payment is not received within ten (10) days, Schuyler Rumsey Philatelic Auctions, Inc. may resell all lots without notice. Any and all losses incurred as a result of resale will be passed on to the defaulting buyer. Cost of postage, registration, etc. will be charged to buyer. Proof by the auctioneer of receipt of sending at the advised address shall constitute delivery.

VII. DIRECT DRAFTS/TRANSFERS. A successful mail bidder known to us may contact our office at (415) 781-5127 for the information necessary to pay directly into the vendor bank account. Any additional charges resulting from processing payments by this method shall be borne by the buyer. Method of payment should be noted on the bid sheet.

VIII. Title shall not pass to the buyer until full payment is received by Schuyler J. Rumsey Philatelic Auctions, Inc.

IX. All of our lots are sold as genuine. Lots accompanied by recent (within 5 years of sale date) expert certificates are sold "as is" based on the description in the certificate. The aforementioned expertized lots may not be returned under any circumstances including those instances in which subsequent certificates yield conflicting opinions. The accepted authorities for U.S. stamps are the Philatelic Foundation (P.F.), the Philatelic Stamp Authentication and Grading, Inc. (P.S.A.G.) and the Professional Stamp Expertizing Committee (P.S.E.), however we do not accept "graded certificates", nor do we accept "encased" certified items.

X. All extensions must be paid in full, in advance. There will be no exceptions.

XI. All lots on extension must be submitted for expertizing by the auctioneer exclusively. Each lot is sold as genuine, except those described "as is", but when, in the opinion of a competent authority acceptable to Schuyler J. Rumsey Philatelic Auctions, Inc., the lot is declared otherwise, the purchase price will be refunded in full. The lot must be received by Schuyler J. Rumsey Philatelic Auctions, Inc. within a period of 21 days from the date of auction. Expenses incurred for purposes of expertizing shall be borne by the purchaser except where the lot is found by said competent authority to be materially not as described, in which case the consignor will be responsible for expertizing costs incurred. Proof of the inability of said competent authority to express a definite opinion is not grounds for return of an item.

XII. Any lot, description of which is incorrect, is returnable (A) within three (3) days of receipt and (B) if received by Schuyler J. Rumsey Philatelic Auctions, Inc. within twenty-one (21) days from the date of the auction. All disputed lots must be returned intact, in the condition received; no adjustments will be made. The following lots are not returnable: collection lots containing ten (10) or more items; lots from purchasers OR THEIR AGENTS who had the opportunity to examine them before the auction; items described as having defects or of a quality standard "Very Good" (V.G.) or below; lots with disputed centering or margins when the item is photographed; lots described "as is".

XIV. JURISDICTION. In the event of any dispute between the auctioneer and bidders, or between any parties requesting inspection of any of the lots and the auctioneer, or between persons offering their lots to be auctioned and the auctioneer, the jurisdiction over the dispute shall be in the City and County of San Francisco, State of California.

XV. In the event of any dispute, the prevailing party shall be entitled to court costs and reasonable attorney's fees.

California Sales Tax

XIII. The California State Sales Tax - or that of another state as ordered by the laws of such a state (as appropriate) - is payable by buyers liable to tax. See below.

This sale will be held in California and the buyer will be liable for any applicable California sales tax for this auction. Any lots purchased by buyers in California are subject to State Sales Tax unless:

1.) You have a verifiable California resale license number, which must be on file with us prior to the Auction.

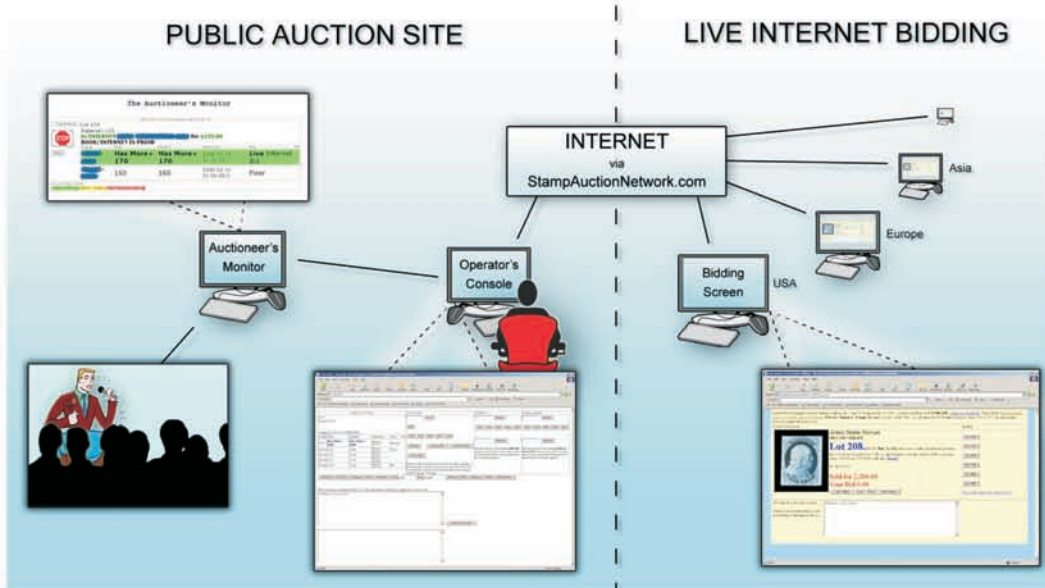

OR

2.) You are not a California resident and your lots are being shipped to your out-of-state or out-of country mailing address.

XVI. THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THE FOREGOING TERMS OF SALE.

Postal History

- 1001 ☒ **(Documents) “Esterville, Emmett Co - Aug 7/61”**, dateline on 3½ page letter from Emmett County Judge Adolphus Jenkins to Samuel J. Kirkwood, Governor of Iowa, some interesting Indian and Troop content “...As there is a strong effort being made in this county to raise a decidedly uncalled for excitement in regard to the Indians. And applications are about being made to your excellency to furnish a body of troops to be stationed at this place...As far as depredations from the Indians are concerned - we have no more to fear than the settlers about Fort Dodge...There is no doubt of the existence of an organized band of horse thieves, somewhere in Dacotah Territory that commit many depredations in the disguise of indian and upon their credit...” and goes on to say that it would seem to be foolish to have troops taken away from the war effort to aid his county, **Very Fine and interesting content.**
 Estimate. \$200 - 300

- 1002 ☒ **(Express) Baldwin’s Southern La. Express M.R. 8154**, blue cds ties 3¢ rose (65) on light buff cover to New Orleans La., docketed “Express Matter, McKeerer vs Baldwin, letter from Mr Baldwin”; minor perf toning, partial flap, **Very Fine.**
 Estimate. \$400 - 600

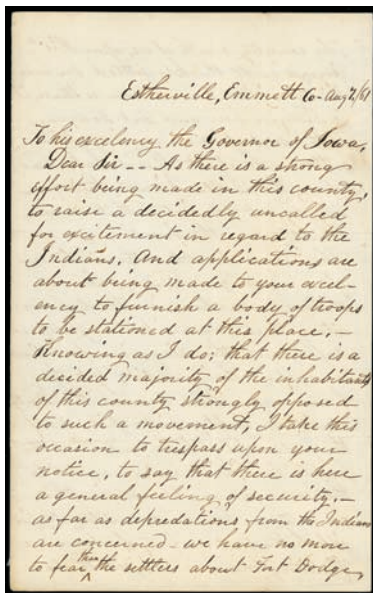

U.S. mail route 8154 on the New Orleans, Opelousas & Great Western Railroad line between New Orleans (Algiers) and Brashear La. was under U.S. military control from July 1, 1862, until February 1, 1866. Its operation, with a steamboat connection between Berwick Bay and Galveston, was essential to mail service. The U.S. mail contract with Baldwin as agent was awarded to the NOO&GW on May 26, 1866, at \$100 per mile per year. This circular handstamp is found on covers carried on the NOO&GW line between January and May 1866.

- 1003 ☒ **(Express) Commercial Express, Oct 25 1865**, large double-circle datestamp ties 3¢ rose (65), nat. s.e. at left, on orange cover to Atlanta Ga., entered mails with “Montgomery Ala., Oct 30” duplex also tying stamps; small edge tears and wear, **Fine and scarce post-war express use.**
 Estimate. \$750 - 1,000

ONE OF ONLY THREE RECORDED EXAMPLES OF THE LARGE DOUBLE-CIRCLE COMMERCIAL EXPRESS COMPANY DATESTAMP.

The Commercial Express Company was a private express company with headquarters in New Orleans La. that operated from July 1864 until February 1866. Larry Ballantyne wrote the most comprehensive article on the company published in the Penny Post (October 2009) with a census of 13 covers with two large double-circle datestamps (this is not one of them).

1004 ☒ (Naval) U.S.S. *Housatonic*, letter addressed “Acting Master, Jos. W. Congdon, U.S.S. *Housatonic*, Off Charleston, S.C.” and endorsed “Via New York”, franked with 1861, 3¢ rose tied by “New York, Feb 16, 1864” cds and large grid; missing backflap, **still Very Fine**, a letter **addressed to and posted the day before the sinking of the U.S.S. *Housatonic***, accompanied by biographies and the Congdon’s testament at the Naval inquiry. Estimate. \$500 - 750

On February 17, 1864, the Confederate submarine “*Hunley*” sank a blockader, the USS “*Housatonic*” off Charleston S.C., marking the first wartime sinking of a ship by a submarine. The addressee was one of 21 officers and 129 men rescued by the “*Canandaigua*” following the sinking of the “*Housatonic*”. The February 16th use was posted one day before the USS *Housatonic* sunk. The Congdon correspondence is known however virtually all the covers are addressed from the *Housatonic* to Congdon’s wife in Long Island.

1005 ☒ (Naval) “U.S.S. *Richmond*, New Orleans May 29th 1862”, dateline on 3¢ pink (U36) blue lettersheet cancelled by grid cancel duplexed with light “Ship Island, May 30” cds to Brooklyn N.Y., reads in part “...As the McClelland leaves this port tomorrow with a mail for the North I take great please in penning a hasty line...almost wish myself out of this muddy river on the “rolling billows”. If we are to attack Mobile as ordered we soon will be on the blue water again and will see some more of this horrible bloodshed...My last was written above Natchez. We went thin 3 miles of Vicksburg when the large ship was ordered down without attacking the place on account of the falling of the river. We arrived here yesterday after our trip up the river so resembling a pleasure excursion...I have heard our Captain say that he expected to spend the 4th of July in New York, Mobile is not yet taken though...”, **Very Fine letter with excellent Naval content**. Estimate. \$400 - 600

The USS *Richmond* was a wooden steam sloop in the United States Navy during the American Civil War. She served on the Mississippi River blockade. During this sailing, the *Richmond* departed New York on February 13th 1862 and joined the West Gulf Blockading Squadron off Ship Island on March 5th as Flag Officer David Farragut prepared to seize New Orleans. *Richmond* crossed the bar on 24 March with the fleet and began making preparations for battle. On 24 April Farragut’s fleet ran past the forts, engaged and defeated the Confederate flotilla, and continued upriver for about 12 miles. Though *Richmond* was hit 17 times above the waterline, her chain armor kept out many rounds and limited her casualties to two killed and three wounded. *Richmond* landed her Marine detachment at New Orleans to help keep order until General Benjamin Franklin Butler’s Army troops arrived. *Richmond* helped take possession of military installations at Baton Rouge, Louisiana on 10 May 1862. Four days later she cruised upriver, first to a point 12 miles below the juncture of the Red River, thence off Natchez River and finally to a position below the Confederate stronghold at Vicksburg on 18 June 1862.

A series of oversize envelopes with Regimental designs were produced by the L.N. Rosenthal Lithographic Company of Philadelphia, with designs of various Army Camps depicted on the backs of the covers. These attractive and rare designs are highly prized by Civil War Patriotic Cover collectors. They are especially rare postally used, and one contention is that they really were not produced for public use, rather were presentation pieces to ranking officers in the Potomac Army, and their non-typical large size tends to bear that opinion out.

(Documents) South Carolina Pre-Secession Letter, 3-page letter from politician Jno. W. Dargan datelined "Republic of S. Ca., Sumter Nov 29th, 1860" with interesting contents regarding the South Carolina legislature and pre-convention sentiments...*The hottest secessionist you ever saw. In fact this District is almost a unit on that question. There is no telling what will be the finale of the present aspect of political affairs - So. Ca. is certainly at this time in a state of revolution - The Bill calling for a convention of the people to take into consideration her withdrawal from the Union passed both branches of the Legislature by a unanimous vote; a thing unprecedented in the history of this Country - The Election for delegates to said Convention comes off on the 6th Decr, & the Convention meets on the 17th And I candidly believe that by the 1st of Jany So. Ca. will be a Republic to herself, as the Conventions in Ga. Ala. Miss. & Florida do not meet until some time in Jany.... A Number of our Federal officers have resigned & the balance will, before Lincoln takes his seat, or I suppose as soon as the State secedes - The Stars & Stripes have been hauled down in every portion of the State. And the Old Colonial Flag & the Lone Star & Palmetto ran up instead; couple reinforced holes along folds and staining, F.-V.F.*, a fascinating pre-secession letter. Estimate. \$300 - 400

Rs.” reales due handstamp, Reus (3.29) arrival backstamp.
 Estimate. \$750 - 1,000

THIS CONFEDERATE TRANSATLANTIC WAS CARRIED ON THE MAIDEN VOYAGE OF THE GALWAY LINE “ADRIATIC”.

In March 1861, “Adriatic” (formerly of the Collins Line) was purchased by the Company. She sailed from New York on 13 March for Queenstown and Cowes carrying mails and passengers intended for the Cunard steamer “Australasian”, who had turned back on her 16 February voyage to New York. Adriatic reached Queenstown on Mar. 23rd where the mails were landed, and Cowes on Mar. 24th. After arriving at Cowes early on the 24th, she proceeded immediately to Southampton where she was docked and surveyed in preparation for being placed in service as a regular Galway steamer. She arrived at Galway on 17 April and was prepared for service with the Company by expanding her passenger capacity. Since “Adriatic” belonged to the Company on this eastward voyage, her mails may be considered Galway Line letters on the Mar. 13th sailing.

A WONDERFUL CHARLESTON POSTMASTER’S PROVISIONAL USAGE ON COVER WITH A FIRE ALARM AND POLICE TELEGRAPH IMPRINT.

The Fire Alarm and Police Telegraph system was installed in Charleston by John Nelson Gamewell, a Camden S.C. postmaster and telegraph operator who purchased rights to the system in 1855 (the Gamewell Fire Alarm Company still exists). The first city to use a telegraph system to transmit fire and police alarms was Boston in 1852, followed by Philadelphia in 1855, and St. Louis, Baltimore and New Orleans between 1858 and 1860. The city of Charleston started discussions about using Gamewell’s system as early as 1855, but apparently decided against it. In August 1860, the Charleston Courier reported that Gamewell was visiting the city again to demonstrate his product. On September 4th, the city council reviewed a detailed proposal from Gamewell, specifying the locations of the telegraph alarms (Charleston Courier, September 6, 1860), and shortly thereafter the city entered into a contract with him. Then in April 3, 1861, Charleston Courier reported that the system was operational. Exactly two months after this cover was mailed to Camden S.C., a fire broke out at a window blind and sash factory located at East Bay and Hasell Streets. It was reported to have been caused by a group of slaves who were gathered around a campfire. The fire quickly spread southwest and destroyed about 15% of the city before it was finally extinguished. Some sources say that efforts to control the fire were impeded by the fact that so many firemen had left to fight in the Confederate army. Robert E. Lee was in Charleston that night and observed the conflagration from the balcony of the Mills House hotel before its proximity forced him to leave.

Dr. Robert Leppy, Sr. was assistant surgeon at Fort Johnson in Charleston Harbor. At the outbreak of the war, Robert sent his wife Elizabeth and their 11 children to Sumter to ride out the war. Dr. Leppy served as a surgeon for the Confederate army and returned safely to his wife at the war’s end. They had four sons to also served the Confederacy. Captain Henry Starling Leppy, CSN was a masterful blockade-runner operating between Charleston and Liverpool, England. An article in the New York Times, February 15, 1862, noted Captain Leppy’s ship, “there have been several arrivals of small craft from Secessia with turpentine and cotton - one was the notorious privateer schooner Sallie. She is about the hardest looking vessel for a privateer I have ever seen.” Through the war, Captain Leppy was never captured. Two other sons, Robert, Jr, and Monroe, both physicians, served faithfully as surgeons in the Confederate army. John Walker Leppy, following in the footsteps of his older brother, served as an engineer aboard the blockade-runner Nina, but was lost at sea in 1865. Dr. Robert Leppy, Sr. and Jr. had long careers in public service as chief surgeon for the quarantine station at Fort Johnson and serving the people of James Island. Dr. Leppy, Sr. in his life served as army surgeon for 20 years, city Alderman, City Registrar, Port Physician, State Health Officer and Surgeon General for South Carolina.

Hon. Moses Cohen Mordecai - an importer of fruit, sugar, tobacco, and coffee - was Charleston's most prominent Jewish citizen in the decades before the Civil War. It was Mordecai's steamer, Isabel, which transferred U.S. Army Major Robert Anderson and his men from Fort Sumter to the Union fleet following the opening bombardment of the Civil War. Isabel, named for Mordecai's wife, gained fame for breaking through the Yankee blockade of the coast. In February 1865, after Sherman's troops left Columbia smoldering behind them, the city council appointed Mordecai "food administrator" to help feed the starving citizens. Blind and broken by the war, the reluctant secessionist moved to Baltimore, leaving his son-in-law Edgar Marks Lazarus in charge of his business affairs in South Carolina.

A REMARKABLE MISSING PRISONER OF WAR NOTICE BY CLARA BARTON - LATER TO BE THE FOUNDER OF THE AMERICAN RED CROSS.

After the end of the American Civil War, Clara Barton discovered that thousands of letters from distraught relatives to the War Department were going unanswered because the soldiers they were questioning about were buried in unmarked graves. Many of these soldiers were labeled just as “missing”. Motivated to do more about the situation, Miss Barton contacted President Lincoln in hopes that she would be allowed to respond officially to these unanswered inquiries. She was given permission, and “The Search for the Missing Men” commenced.

After the war, she ran the Office of Missing Soldiers in Washington, D.C. The office’s purpose was to find or identify soldiers killed or missing in action. Barton and her assistants (including Jules Foley who is given credit in letter) wrote 41,855 replies to inquiries and helped locate more than twenty-two thousand missing men. Barton spent the summer of 1865 helping find, identify, and properly bury 13,000 individuals who died in Andersonville prison camp, a Confederate prisoner-of-war camp in Georgia. The union soldier in the above notice was one of these prisoners of Andersonville, and was paroled on April 18th shortly before Barton’s letter of reply was written.

She continued this task over the next four years, burying 20,000 more Union soldiers and marking their graves. Congress eventually appropriated \$15,000 toward her project.
