

R E P O R T  
O F  
THE POSTMASTER GENERAL.

---

FINANCIAL CONDITION

POST OFFICE DEPARTMENT,  
*November 2, 1864.*

SIR: The postal revenues for the year ending the 30th June last were \$12,438,253 78, and the expenditures of this department during the same period were \$12,644,786 20, showing an excess of the latter of \$206,532 42. The accompanying table, No. 1, (see Appendix,) exhibits the annual postal revenues and expenditures from 1854 to 1864, from which it will be seen that the average annual receipts of this department from 1859 to 1861, inclusive, were \$8,745,282 62, and the average annual expenditures for the same period were \$14,482,008 44, showing an average annual excess of expenditures over receipts of \$5,736,725 82; and the average annual receipts from 1862 to 1864, inclusive, were \$10,871,530 97, and the expenditures \$11,694,785 72, showing an average annual excess of expenditures over receipts of \$823,254 75.

The excess of receipts in 1864, over 1861, the first year of the rebellion, was \$4,088,957 38.

Although the proportion of receipts as against the expenditures has, doubtless, been increased, on account of the suspension of the postal service in the insurrectionary States, the above exhibit furnishes the evidence of an improving financial condition of the department, highly creditable to the administration of my immediate predecessor.

The details of the financial operations of the department, during the last fiscal year are set forth in the accompanying report of the Auditor.—(See No. 21 of the Appendix.)

The estimate of expenditure for 1864 was fixed at \$13,000,000, in which was included the sum of \$1,000,000, specially appropriated for the overland mail service, being \$355,213 80 more than the amount actually expended.

On the other hand, the revenues of 1864 were estimated at an increase of five per centum on those of 1862, making \$8,714,000, while they actually reached \$12,438,253 78, or \$3,724,253 73 more than the estimate. This increase equals 42 $\frac{1}{2}$  per cent.

The increase of expenditures in 1864, compared with those of 1863, is 11 $\frac{1}{2}$  per centum, and the increase in the revenues for the same year 11 $\frac{1}{2}$  per cent.

This exhibit promises an increase of the revenues for 1865 over the estimate submitted in the report of last year.

#### ESTIMATES FOR 1866.

The expenditures of all kinds for the fiscal year ending June 30, 1866, (see table No. 2,) are estimated at.....	\$14,098,500 00
The gross revenue for the year 1866, including foreign postage and miscellaneous receipts, is estimated at an increase of six per centum on the revenue of 1864, making.....	13,184,547 79
Estimated deficiency of revenue compared with estimated expenditures .....	913,952 21
From this sum must be deducted the amount of the permanent appropriations to compensate the department for carrying free mail matter, under acts of March 3, 1847, and March 3, 1851.....	700,000 00
By which the estimated deficiency is reduced to.....	213,952 21

The grants for the transportation of free mail matter for the last two fiscal years have not been expended. Assuming that the amount of \$700,000 for the last year is still available, no appropriation for any deficiency in the revenues will be required.

In making the estimate of probable expenditures for 1866, the amounts actually expended under the several heads during the past fiscal year have been taken as a basis; but an increase in several of the items named has become necessary, particularly in the appropriation for postage stamps and stamped envelopes, the estimated cost of the latter being increased \$140,000 per annum, according to the terms of a new contract, elsewhere referred to in this report.

#### DRAFTS AND WARRANTS.

The whole number of drafts and warrants issued during the year to the creditors of the department, in payment of balances reported to be due by the Auditor, was 16,608. The warrants were drawn on the Treasurer of the United States, five assistant treasurers and seven designated depositaries—and the drafts on sixty-five post office depositories, and on the postmasters at three hundred and sixty-one draft offices. Of the above-named post office depositories, forty-five were established on January 1, 1864.

#### AMOUNT CONCENTRATED IN HANDS OF DEPOSITARIES.

About 80 per cent. of the net revenue of the department for the year, or \$7,083,179 \$1. was concentrated in the hands of the above-named depositaries and at draft offices. Of this amount, \$5,327,761 was disbursed during the year, leaving subject to draft on July 1, 1864, \$1,755,418 81.

The remainder of the revenue was collected by means of orders issued by the Auditor on postmasters at collection offices, and through payments made by postmasters to special mail carriers and mail messengers.

#### NUMBER AND VALUE OF STAMPS AND STAMPED ENVELOPES ISSUED.

During the fiscal year 334,054,610 postage stamps, of the value of \$10,177,327, 26,644,300 stamped envelopes, amounting to \$765,512 50, and 1,574,500 newspaper wrappers, amounting to \$31,490, were issued. The total value of these issues was \$10,974,329 50, which, compared with the issue of the previous year, (\$10,338,760,) shows an increase of \$635,569 50, or about 6 $\frac{1}{2}$  per cent. The value of the stamps, and stamped envelopes sold was \$10,776,589 58, and the amount used in the prepayment of postage was \$9,878,155 61. The details are exhibited in tables, (Nos. 3 and 4 of Appendix.)

#### AMOUNT OF STAMPS LOST IN THE MAILS.

Notwithstanding this enormous issue, the losses of stamps in the mails amounted only to \$1,206, and of envelopes to \$31 80. This result may be in part attributed to the system of registering each package of stamps and envelopes mailed, and to the fact that route agents and postmasters at separating offices are also instructed to keep a record of all such packages passing through their offices. During the year 1859, (the year immediately preceding the adoption of this system of registration,) the value of postage stamps issued amounted to \$5,279,405, whilst the losses in transmission during the last six months of that period were \$4,373. Since that time the losses have decreased, although the issue has increased about 92 $\frac{3}{4}$  per cent.

#### NUMBER OF PACKAGES OF STAMPS ISSUED

The number of packages of stamps sent out during the year was 58,500, of stamped envelopes 18,688, and the claims allowed for deficiencies in the number of stamps amounted to only \$29, and in the stamped envelopes 80 cents, showing great care on the part of those intrusted with this branch of the business.

#### SUPPLY OF STAMPS TO THE ARMIES.

Postage stamps are regularly supplied to the armies of the Potomac and Cumberland, through special agents of the department located at or near the headquarters of each. Since the inauguration of this practice—about the 1st of July last—the agent stationed at City Point, Virginia, has sold stamps amounting to \$29,773 96, and the agent of the army at Chattanooga \$5,210.

#### ROBBERY OF MONEY AND STAMPS BY BANDS OF ARMED MEN.

Under the act for "the relief of postmasters who have been robbed by confederate forces or rebel guerillas," one hundred and thirty-nine claims have been made, representing losses of postage stamps and money amounting in the aggregate

gate to \$5,958 97. Of the claims thus reported, sixty-two have been examined and reported on favorably, the aggregate of the credits allowed being \$2,130 50. The balance of the claims—seventy-seven—representing \$3,828 47, are still pending, the evidence furnished being in most cases insufficient.

#### LOSSES OF OFFICE FIXTURES, ETC.

Losses of a somewhat different character frequently occur, relief for which cannot be granted without additional legislation. I refer to cases where, by reason of the presence of armed forces, a post office is destroyed, and the postmaster loses the fixtures and furniture, and to cases where the loss is occasioned by our own troops. The report of my predecessor two years since recommended that such losses be provided for, and I invite attention to the subject, as several such claims have been made, where the losses have occurred through no fault of the postmaster.

#### NEW CONTRACT FOR STAMPED ENVELOPES.

During the last session of Congress a bill was passed for the relief of the contractor for furnishing the department with stamped envelopes and newspaper wrappers; under the provisions of which the existing contract expired on September 11, 1864, when a conditional contract was made, to expire December 31, 1864, at an advanced rate for stamps and envelopes.

#### ISSUE OF NEWSPAPER WRAPPERS DISCONTINUED.

After the award of the contract above referred to, the department and the contractor received a protest from a party in New York claiming to be the patentee of newspaper wrappers, with notice that he should assert his rights. Under these circumstances, and in view of the enormous advance in the contract price of the article, the department decided to discontinue the issue for the present.

Notwithstanding the advance of every article used in the manufacture of stamps, and the large increase in the number required by the department, the National Bank Note Company, of New York, have fulfilled, in a satisfactory manner, all their obligations. It is due to these contractors to add that they receive for postage stamps but twelve cents per thousand, whilst the contractors for internal revenue stamps receive thirty-three cents per thousand.

Seven temporary clerks have been employed for several years, who are paid out of the appropriation for postage stamps and stamped envelopes, and as they constitute a portion of the necessary force of the department, I suggest the propriety of providing for them by law.

#### CONTRACTS.

#### TRANSPORTATION STATISTICS.

Table A (No. 5) exhibits the service as it stood on the 30th of June last in the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Ohio, West Virginia, Michigan, Indiana, Illinois, Wisconsin, Iowa, Missouri, Min-

nesota, Kentucky, California, Oregon, Kansas, and the Territories of New Mexico, Utah, Nebraska, Washington, Colorado, Dakota, and Nevada, at which time there were in operation in those States and Territories 6,083 mail routes, the number of contractors being 5,953. The length of these routes was 139,173 miles, and the service as follows, viz:

Railroad, 22,616 miles; steamboat, 7,278 miles; "celerity, certainty, and security," 109,278 miles—costing \$5,818,469, divided as follows, viz: Railroad, 23,301,942 miles of transportation at \$2,567,044, about 11 cents a mile; steamboat, 2,112,134 at \$253,274, about 12 cents a mile; "celerity, certainty, and security," 30,901,281 at \$2,998,151, about 9 $\frac{7}{10}$  cents a mile.

The length of routes was decreased 425 miles, whilst there was an increase in the annual transportation of 89,342 miles, and in the cost of \$77,893.

The aggregate compensation of route agents, local agents, mail messengers, baggage masters in charge of express mails, and agents employed on steamers conveying mails to southern ports, was \$546,753 48, which, added to the cost of service in operation on 30th June, 1864, (\$5,818,469,) makes the total cost of mail transportation at that date \$6,365,222 48.

#### MAIL LETTINGS OF 1864.

The contract term for the middle section, comprising the States of New Jersey, Pennsylvania, Delaware, Maryland, and Ohio, expired on the 30th of June last, and the new term commenced on the 1st of July following. The service under these lettings, for the first quarter of the contract, ended September 30, 1864, is exhibited by the annexed statement, viz:

	Miles.	Miles of annual transportation.	Cost.
Railroad .....	7,492	7,334,701	\$932,349
Steamboat .....	392	218,088	17,735
"Celerity, certainty, and security".....	21,193	6,845,996	407,071

Other tables, showing the operations of the Contract office, are appended to this report.—(See No. 5, B, C, D, E, and F.)

#### RAILROAD COMPANIES.

Notwithstanding an express provision of law, (section 29 of act of July 2, 1836,) which provides "that no person whose bid for the transportation of the mail may be accepted shall receive any pay until he shall have executed his contract according to law and the regulations of the department," but few of the railroad companies engaged in carrying mails are under contract; and the practice of recognizing their service from quarter to quarter has been necessary for a series of years, to enable the Auditor to issue orders in favor of the companies, for the collection of moneys in the hands of postmasters on the routes, and the adjustment of accounts for services rendered.

Attention has been called to this subject by my predecessors for the purpose

of securing additional legislation investing the head of this department with power to compel compliance with the law by prohibiting payments except on executed contracts. The matter is discussed by Postmaster General Holt in his report of December 3, 1859, and again alluded to December 1, 1860, and also by my immediate predecessor in his reports of December 2, 1861, and December 1, 1862; but, believing that the law is sufficiently explicit as it now stands, I do not propose further legislation, in the hope that the several railroad companies will no longer refuse to enter into the obligations assumed by all other persons contracting with the government. Should I be disappointed in this reasonable hope, I shall not fail to call upon Congress for such legislation as the necessities of the service require.

#### MAILS ON THE ATLANTIC AND PACIFIC.

In the last annual report attention was called to the unsettled accounts of persons employed to convey mails by sea to the military and naval forces and inhabitants at New Orleans, Pensacola, and other ports, rendered necessary by the insurrection in the southern States, and also for service performed in steamships on the North Pacific coast during the winter of 1862, when the usual land routes were interrupted by extraordinary floods. These services were necessary to provide for communication with the soldiers and sailors engaged in the defense of the country, and the people isolated by an act of Providence, and were authorized by several acts of Congress. The Auditor of the treasury for this department, adjudging the contracts illegal, declined acting on the accounts of contractors and orders of the Postmaster General, rendering an appeal to Congress necessary. This resulted in the legislation contained in the 5th section of the "Act to provide for the conveyance of mails to foreign ports, &c.," approved March 25, 1864, under which the sum of \$18,050 has been paid to several parties for the sea service, performed by order of the Postmaster General on the Atlantic coast and Gulf of Mexico, to the 30th of September last.

The claim made by the steamship owners for service on the North Pacific coast, during the floods of 1862 on the land, was at the rate of \$8,000 per month for three months, but the amount deemed adequate by the department was \$8,642 for the whole service, and this was the sum reported to the Auditor as due the claimants; but Congress having fixed the sum to be paid for this service at \$1,500, which they declined to receive, the claim is still unadjusted.

#### OVERLAND MAILS.

The contract for service on the route from the Missouri river, *via* Salt Lake, to Placerville, California, under act of March 2, 1861, expiring on the 30th June last, an arrangement was made with the same parties for continuing the service on the same terms to September 30, 1864.

Under an advertisement dated March 22, 1864, inviting proposals for service from Atchison, Kansas, or St. Joseph, Missouri, to Folsom City, California, John H. Heistand, of Lancaster, Pennsylvania, was the lowest bidder, at \$750,000

per annum; but his bid having been subsequently withdrawn, contracts have been made with Ben. Holladay, of New York, for the service between Atchison, or St. Joseph, and Salt Lake City, at \$365,000, and with Wm. B. Dinsmore, president of the Overland Mail Company, also of New York, from Salt Lake City to Folsom City, at \$385,000, making an aggregate of \$750,000, per annum. These parties are believed to be able to fulfil their obligations. The contracts are from October 1, 1864, to September 30, 1868; the trips to be made in sixteen days eight months in the year, and in twenty days the remaining four months; to convey through letter mails only, mail matter prepaid at letter rates, and all local or way mails.

Paper and document mails for the Pacific coast are to be carried by sea, *via* New York and Panama, temporary arrangements having been made for their conveyance, within the sum named in the law of March 25, 1864, viz: \$160,000 per annum, making the whole expense of territorial and Pacific mails not over \$910,000 per annum, or \$90,000 less than under the former contract.

Owing to Indian depredations, the overland service was much interrupted during the months of August and September last, and for a period of four or five weeks the *whole mail* for the Pacific coast and the Territories was necessarily sent by sea from New York.

#### CALIFORNIA AND OREGON ROUTE.

The contract for the California and Oregon route—Sacramento to Portland—terminating September 16, 1864, proposals were invited for the continuance of the service to 1866 and 1868. But one bid was received, that of the California Stage Company, at \$250,000 per annum, which was deemed extravagant for the service required, and accepted to June 30, 1865, only, with a view to again invite competition, which has been done.

#### PEMBINA ROUTE.

Pursuant to the 8th section of the act of March 2, 1861, and the 2d section of the act of February 24, 1863, the contract for service on the route from St. Cloud, Minnesota, to Pembina, in Dakota Territory, was extended to June 30 1865, and the trips increased from one to two per week, at an increase of compensation of \$17,167 per annum. As the contracts on all other routes in the State expire June 30, 1866, this will be relet for one year only, so that it may be embraced in the contract section to which it belongs.

#### POSTAL MAPS.

The topographer of the department having been instructed by my predecessor to prepare a set of maps, by States or groups of States, designed to show all the permanent routes, distances, and post offices thereon, in the United States, with other statistical information, I have to communicate that progress has been made in their preparation. It is found, however, that in consequence of the enhanced price of all articles purchased through the contingent fund, chargeable

with the expenses, that the fund, as previously estimated, will be insufficient, having regard to other demands upon it; and I therefore recommend that an appropriation of \$10,000 be made for preparing and publishing these maps. It is believed that the proceeds of the sale of such as will not be needed for the use of this department will eventually more than reimburse the entire outlay, leaving a surplus which will diminish, to that extent, future appropriations for contingent purposes.

#### MAIL BAGS AND MAIL LOCKS.

The number and description of mail bags and mail locks purchased during the fiscal year ending June 30, 1864, and the cost thereof, appears in statement No. 6, in the appendix to this report.

#### CLAIM OF CARLISLE DOBLE.

By resolution of Congress, approved July 1, 1864, the Postmaster General was "authorized to examine and adjust the claim of Carlisle Doble for carrying the mails between Taylor's Falls, Minnesota, and Superior, Wisconsin, from April to November, 1857, and to pay him such sum of money as shall be found to be justly and equitably due." Under the authority thus conferred the claim was examined and the sum of \$3,968 46 allowed, which was reported to the Auditor for payment on the 26th September last.

#### INSPECTION OFFICE.

On the 3d of March, 1864, the Inspection office of the department, in its distinct and separate form, was abolished, and its duties transferred to the Contract office, in charge of the Second Assistant Postmaster General.

The net amount of fines imposed and deductions made during the year from the pay of mail contractors, for failures and other delinquencies, was \$44,375.55.

#### SPECIAL AGENTS.

By the 17th section of an act of Congress approved July 1, 1864, chapter 197, page 339, it is enacted "that the special agent of the Post Office Department on the Pacific coast shall receive a compensation of five dollars per diem." The salary of this officer was \$2,500 per annum under the act of March 2, 1861, and for all travelling and incidental expenses no greater sum than two dollars for each day employed could be allowed under the act of March 3, 1845.

It is not supposed that Congress intended to reduce the pay of this officer from \$3,230 to \$1,825, but such is the effect of the law, and I therefore recommend such a modification of that section as will restore his full salary of \$2,500 per annum from the date of the passage of said act, and to provide for his actual travelling expenses a sum not exceeding five dollars per diem. Although, at the time of the passage of the said act, two dollars per diem was considered sufficient for the travelling and incidental expenses of these officers, it is now inadequate, and I recommend that all other special agents be allowed a sum not exceeding four dollars per day while employed.

For several years after the occupation of the Pacific coast by the United

States, the agent of this department stationed at San Francisco had larger powers than usually confided to special agents in the Atlantic States, particularly in reference to the adjustment of contractors' accounts, the practice being for him to give certificates of service performed under mail contracts, on which the postmaster at San Francisco made payments. The accounts were then transmitted to the Auditor for entry and final settlement. In this manner payments to mail contractors were expedited; but, doubts arising as to the authority of the Postmaster General to confer such powers on a subordinate officer, they were withdrawn, and the Pacific agent is now on the same footing with all other officers of his class. It is believed that the functions of this officer could be enlarged with advantage to the public service, and as previous legislation is necessary, attention is called to the subject.

In this connection it is proper to add that, from information which has recently reached me, I am apprehensive that the postal service in the Pacific States is not in as good condition as should be desired; and I may have occasion to communicate with Congress upon the subject during its approaching session.

#### ARMY MAILS.

Inquiry has been made of Lieutenant General Grant relative to the existing arrangements for supplying our armies with mails, with the assurance of my earnest purpose to co-operate with him in carrying into effect any desired improvements of that service; and I am gratified to learn from his reply, that the system of receiving and forwarding mails now in operation is entirely satisfactory; and that "our soldiers receive their mail matter with as much regularity and promptness as is possible for armies in the field, and with perhaps as much celerity and security as the most favored portions of the country." He also informs me that the policy originally adopted of excluding civilians from the mail service within the lines of the army, and detailing for that duty enlisted men of intelligence and reliability, will be continued.

#### DELAYS OF LETTERS IN DISTRIBUTING POST OFFICES.

For many years the regulations of this department have required that every post office should mail letters direct to every other office not on the route to any distributing office, and that all other letters should be mailed to the first distributing office on the route to their destination, involving considerable expense and delays in the transmission of the mails. This subject has been frequently referred to in the reports of this department. Elaborate distribution schemes have been proposed to improve the existing system, which is still considered defective.

#### COST OF DISTRIBUTION.

The majority of letters are now subjected to delays, while the expense attending the work in twenty-two distributing post offices amounted, during the fourth quarter of 1864, to nearly two hundred thousand dollars, being at the rate of eight hundred thousand dollars per year, or about sixty-two per centum of the whole expense of clerk-hire in all offices.

**RAILWAY POST OFFICES—ADVANTAGES OF DISTRIBUTION ON RAILWAY POST OFFICES.**

The mailing of all letters *direct* from one office to another, however situated, in so vast a territory as that embraced within the United States, is objectionable. The ordinary distributing post offices not meeting the necessities of the service, experiments have been commenced with railway or travelling post offices. The requisite cars for the purpose are prepared for one daily line between Washington and New York, and by means of clerks taken, temporarily, from the post offices at Washington, Baltimore, Philadelphia, and New York, letters intended for distribution at either of those points are distributed in the cars, and so arranged that they can be despatched without delay on connecting routes. Thus it is found that the transmission of letters is expedited from twelve to twenty-four hours, being the time usually lost in distributing offices. Similar experiments have been made on the routea from Chicago, Illinois, to Clinton, Davenport, and Dubuque, Iowa, with equally satisfactory results.

Attention has been given to the putting in operation the railway distribution to other prominent points, and the companies which have been asked to furnish the necessary car facilities have generally responded favorably. On the great eastern and western routes to Cleveland, as well as between Washington and New York, the size and importance of the mails and the amount of distribution to be done are such as to require accommodations to the extent of an entire car. West of Cleveland only a portion of a car will be used on each route.

**CLERKS FOR RAILWAY POST OFFICES—SUPERINTENDENTS FOR RAILWAY POST OFFICES.**

In order to make the work of railway post offices effectual, a change in the mode of mailing letters is necessary. All offices cannot mail *direct*, neither can all mail to a railway office. The work will, therefore, be divided between head offices and route offices, the former being those which are the initial or terminal points of routes, and the latter those offices or stations on the direct line of a road from which there are no post-roads diverging. Additional clerks, as well as superintendents and travelling postmasters, will be required, for whom I recommend provision be made by law.

**EXPENSES OF RAILWAY DISTRIBUTION—REDUCTION OF WORK IN DISTRIBUTING POST OFFICES.**

The introduction of the proposed scheme will necessarily be attended with difficulties, and must be accomplished gradually. The classification of offices alone will require time and labor, and for the present operations will be limited to a few principal railroad lines. Until the necessary classification is completed, and the railway distribution organized, it is anticipated that additional expenses will be involved; but it is hoped that the final effect will be to reduce the expenses connected with the present plan of distribution. Under the new law, also, which took effect first of July last, all accounting for *paid* letters has been dispensed

with, thus saving much labor heretofore required in mailing letters and in keeping accounts. The transcripts of mails sent and received under the old system at five of the principal offices amounted to 50,000 folios. The accounts from the same offices for the quarter ended 30th September last, during which changes were only partially introduced, show a saving in this respect of nearly fifty per cent. Thus in various ways the ordinary expenses of post offices are expected to be diminished so as to compensate for the cost of railway distribution. But, whether this result be fully attained or not, the expedition of mails will be insured.

#### FOREIGN MAIL SERVICE.

The statistics of the foreign service for the fiscal year ended June 30, 1864, are fully exhibited in the tables prepared by the Auditor of this department, also in statement No. 7 annexed to this report, and show the following general results, viz:

#### STATISTICS OF FOREIGN SERVICE.

The aggregate postage (sea, inland, and foreign) upon the correspondence exchanged with Great Britain, Prussia, France, Hamburg, Bremen, and Belgium, amounted to \$1,399,605 69, being an increase of \$174,920 48, as compared with the last year, and \$21,458 37 in excess of the largest amount realized in any previous fiscal year. The collections in this country amounted to \$881,730 68, and in Europe to \$517,875 01; excess of collections in the United States \$363,855 67. This result is significant and gratifying, showing a largely increased correspondence with Europe, notwithstanding the civil troubles agitating the country, and the interruption of postal communications with the southern States.

#### TRANSATLANTIC TRANSPORTATION.

The transatlantic mail transportation was performed as follows:

By the foreign steamships of the New York and Liverpool, Canadian, Bremen, and Hamburg lines, \$770,365 01.

By British contract mail packets of the Cunard and Galway lines, \$629,240 68.

The amount paid by this department for mail steamship service to and from Europe was \$371,740 44—the steamships employed receiving the sea postage on the mails conveyed as compensation for the service. Of this amount the Liverpool and New York and Philadelphia Steamship Company received \$202,914 34 for fifty-two outward and fifty-three inward trips between New York, Queenstown, and Liverpool; the Canadian mail packets, \$77,175 30 for fifty-three round trips between Portland and Liverpool and Quebec and Liverpool; the North German Lloyd Steamship Company, \$46,149 61 for sixteen outward and fifteen inward trips, and the New York and Hamburg Steamship Company, \$45,501 18 for thirteen outward and twelve inward trips, between New York and Southampton.

#### BRITISH NORTH AMERICAN PROVINCES.

The total postages on the correspondence exchanged with British North American provinces during the year amounted to \$307,371 39, being an increase

of \$81,628 09 over the amount reported last year, and of \$129,618 88 over that for the previous fiscal year. The postages collected in this country amounted to \$168,755 74, and in the provinces to \$138,615 64: excess in favor of the United States \$30,140 10. This extraordinary increase of correspondence is probably partly owing to the fact that large numbers of rebel agents, sympathizers and refugees, have taken up their temporary abode in Canada and the other provinces.

#### WEST INDIA MAILS AND COST OF TRANSPORTATION.

The total postages on the mails conveyed to and from the West Indies amounted to \$59,990 18, and the cost of transporting the same to and from Havana and other West India ports was \$40,337 03, being \$19,653 15 less than the United States postages on the mails conveyed. Heretofore the steamers employed in this service, received as compensation the gross amount of United States postages upon the correspondence transported, without allowing for the expenses of the inland service; but as no contracts were executed with the department, calling for the performance of a specified number of trips, according to a fixed schedule of sailing days; and as the mails they conveyed received no greater care or attention while in transit than is ordinarily given to first-class freight, it was considered by my predecessor proper that the compensation for the sea portion of the service should be so adjusted as to prevent loss to the postal revenues; and arrangements were accordingly concluded by him with the proprietors of all the steamship lines, except two, plying between New York and Havana, for a fixed compensation by the trip of \$125 each way, or \$250 per round trip, if not exceeding the United States postages on the mails conveyed. The proprietors of two of the steamship lines in question declined to accede to this rate of compensation, claiming that they were entitled to the gross amount of postages under the provisions of the 4th section of the act of June 15, 1860, which authorizes the Postmaster General to cause the mails to be transported between the United States and any foreign port or ports, by steamships, allowing therefor the sea and inland postage if by an American vessel, and the sea postage only if by a foreign vessel. The provisions of this section have not been construed by this department as *requiring* the Postmaster General to allow the sea and inland postages on the mails conveyed, to all American vessels, but simply as limiting the compensation in any case to that amount.

The payment of \$250 per round trip, limited to the postages, having been generally accepted by the proprietors as ample remuneration for the steamship service between New York and Havana, no reason occurs to me why it should not be adopted as the uniform compensation for all the steamships employed on that route.

As doubts have arisen relative to the proper construction of the 4th and 5th sections of the act of the 14th of June, 1858, and the 4th section of the act of the 15th of June, 1860, which in effect superseded the last mentioned section, I recommend additional legislation authorizing the Postmaster General to cause the mails to be transported between the United States and any foreign port or

ports, or between ports of the United States touching at a foreign port, by steamship, allowing and paying therefor, if by an American vessel, any sum *not exceeding* the sea and United States inland postage, and if by a foreign vessel, any sum *not exceeding* the sea postage on the mails so conveyed.

#### PRIVATE SHIPS.

To protect the postal revenues from losses incident to the unauthorized conveyance of letters by private ships or vessels departing from the United States for foreign countries, I recommend the passage of a law requiring, as a condition of clearance, that the master or commander of any steamship or other vessel departing for a foreign port or ports, shall make oath or affirmation that he has not received on board his ship or vessel, and has not under his care or within his control, any letters addressed to a foreign country which have not been received directly from the post office at the port of departure, except such as are directed to the consignee of the ship or vessel.

#### CENTRAL AND SOUTH AMERICAN MAILS.

The United States postages upon the correspondence exchanged with Central and South America, *via* Aspinwall and Panama, amounted to \$14,208 51, all of which was paid to Cornelius Vanderbilt for the sea and Isthmus transportation.

The provisions of article 3 of the United States and Canada postal convention have been so modified, by agreement between the respective post departments, as to abolish the international letter postage of fifteen cents per single rate, heretofore levied upon letters passing between Canada and California, Oregon, and Washington Territory, thus establishing a uniform international postage for letters of ten cents the single rate, prepayment optional, between Canada and all parts of the United States, without regard to distance or route of conveyance; and the benefit of the same uniform international rate of ten cents has also been extended to the correspondence exchanged with the province of New Brunswick.

#### UNITED STATES AND CANADA POSTAL CONVENTION.

Our arrangement with Canada adopts the principle of optional prepayment, in both countries, of the combined rate of international postage, each country retaining all the postage which it collects. It is the most simple form of international postal arrangement, inasmuch as it dispenses entirely with accounts between the respective post departments, and has been adopted with all the other provinces except Newfoundland. With the view of securing uniformity in our postal relations with those provinces, a recent effort was made to obtain the concurrence of Newfoundland in a like arrangement, which I regret to say was unsuccessful; the British post department declining to give its assent to the measure, on account of the additional British packet postage of four pence sterling, which is levied for the sea service to and from the island, and accrues to Great Britain.

## VANCOUVER'S ISLAND AND BRITISH COLUMBIA.

The initiatory steps taken to conclude similar postal arrangements with the colonies of Vancouver's Island and British Columbia, referred to in the last annual report, have not as yet been attended with the success anticipated.

## GREAT BRITAIN.

Additional articles to the United States and British postal convention have been agreed upon, constituting the British packet agency at Colon an office for the exchange of mails with the post office of New York, by means of the United States packets plying between those ports; the object being to prevent the delay to correspondence forwarded from the United States to ports and places on the Atlantic coast and interior of New Granada, previously caused by its transit across the Isthmus to and from Panama. A copy of these articles is annexed, (No. 8.)

An arrangement has also been concluded for expediting the transmission to destination of unpaid letters addressed to the United States, received at Panama by British packets from countries on the west coast of South America; this department agreeing to collect, and account to Great Britain, through the office of the British packet agency at Panama, for the unpaid postage charged thereon.

## BREMEN AND HAMBURG—EXEMPTION OF MAIL PACKETS FROM CAPTURE IN TIME OF WAR.

An additional article to the United States and Bremen, and to the United States and Hamburg conventions, respectively, was executed on the 28th of March last, authorizing the conveyance of the international correspondence in time of war, or threatening war, by steamships sailing under neutral flag, whenever the same cannot be safely conveyed by United States, Bremen, or Hamburg steamships. Copies are annexed, (Nos. 9 and 10.) In view of the apprehension then felt that the war pending in the north of Europe might interrupt the mail service so long and advantageously performed by the Bremen and Hamburg lines of mail packets, steps were taken to ascertain whether the neutrality of the said steamers might not be secured by means of diplomatic correspondence; but this department has not been advised of the result. Our postal conventions with Great Britain and Mexico, respectively, recognize the principle that, even in time of war between the contracting parties, their respective mail packets shall continue their navigation without impediment or molestation until six weeks after a notification given by either of the two governments, and delivered to the other, that the service is to be discontinued; and as all governments have a common interest in claiming exceptional treatment for mail packets in case of war, to the end of maintaining regularity in international postal communications, it is a subject worthy of consideration whether, by treaty stipulations between nations or otherwise, a like principle might not be established between all governments, with proper safeguards against the transportation of persons or articles contraband of war.

## NEW LINES OF MAIL PACKETS ESTABLISHED.

During the past year a new line of French mail packets has been established between France and the United States, the steamships plying, for the present, direct between Havre and New York, and making regular departures from each port, on Wednesday of every fourth week. The United States exchange offices of New York, Boston, and Philadelphia, despatch and receive mails regularly by means of this line, corresponding with the French exchanging offices of Paris and Havre, and with the French mail agent embarked on board of each packet.

This department has also concluded an arrangement for the transportation of the mails, fortnightly, between Boston and Halifax, Canso, and Pietou, (Nova Scotia,) and Charlotte Town, (Prince Edward Island,) the proprietors of the steamer to receive, as full compensation for the sea service, a moiety of the United States postages on the mails conveyed.

## NEGOTIATIONS OF POSTAL CONVENTIONS

A correspondence has been opened with several of the post departments represented by commissioners at the Paris international postal conference, having for its object the negotiation of postal conventions, on the basis of the Paris resolutions, with those countries on the continent of Europe with which the United States has hitherto sustained no direct postal relation, as well as for the revision and amendment of existing postal conventions, so as to make them conform as nearly as practicable to the liberal principles of postal progress recommended by that conference as the basis of international arrangements. Favorable responses have been received from the several post departments interested in this subject.

## STEAMSHIP SERVICE TO BRAZIL.

In conformity with the provisions of the act "to authorize the establishment of ocean mail steamship service between the United States and Brazil," approved May 28, 1864, an advertisement was issued inviting proposals for carrying the mails of the United States by a monthly line of first-class American sea-going steamships, between a port of the United States north of the Potomac river, and Rio de Janeiro, in Brazil, touching at St. Thomas, in the West Indies, and at Pernambuco and Bahia, in Brazil, for a contract term of ten years, to commence on or before the first day of September, 1865, and to date from the day the first steamship of such line shall leave the United States with the mails for Brazil.

Three proposals were received for this service, the lowest and the accepted bid being that of the New York, Nuevitas and Cuba Steamship Company, with Thomas Asencio & Co. and Manuel J. Mora, of New York, as guarantors, for the performance of the required service, at the sum of \$240,000 per annum, to be divided equally between the two governments.

The act authorizing the establishment of this line of American steamships was the beginning of a new era in the history of our ocean mail service, which is being performed principally by steamers sailing under foreign flag. The government by this measure adopted the policy of co-operating with the individual enterprise of our citizens in establishing a direct mail steamship communication with the principal country of South America, with the object of providing a reliable and speedy transmission of correspondence, and developing a profitable commerce, legitimately belonging to us by reason of our geographical position, but which has been diverted into other channels by means of regular steamship communications with other countries not so favorably situated as ours for conducting an extensive trade with Brazil.

At present our only regular and reliable route of postal communication with Brazil and adjacent South American States is by the circuitous route *via* Great Britain or France, each of those countries maintaining a subsidized line of mail steamers plying to and from Rio de Janeiro, established nominally for postal purposes, but really in the interest of commerce, which is fostered and developed by regular mail steamship communication.

#### ROUTE FROM SAN FRANCISCO TO JAPAN AND CHINA—ITS COMMERCIAL ADVANTAGES.

There are other ocean routes besides the one to Brazil, which can be safely and profitably occupied by American lines of mail steamers, among which the route between San Francisco, Japan, and China, at present unoccupied by foreign mail packets, is perhaps the most important in a commercial point of view, and may be made available in securing to us a large participation in the commerce of the East, the greater portion of which is now enjoyed by Great Britain through her mail steamship connections, *via* Suez, in the Indian ocean and China seas.

The central position of the United States between eastern Asia and western Europe, affording routes but little longer, if any, than those now traversed between these distant regions, aided by the superior expedition of railway transportation between the Atlantic and Pacific coasts, will furnish such facilities as will make their adoption a practical necessity for the commercial intercourse between Europe and the populous countries of eastern Asia. These considerations, and others which will readily suggest themselves, render it important that the Pacific routes properly belonging to us, should be occupied by American mail steamers, the profits of which, with the addition of a small subsidy for the mail service, would justify the establishment of one or more steamship lines, which would be remunerative to the proprietors.

#### AID TO PROJECTED STEAMSHIP LINES.

Experience has demonstrated the impolicy of appropriating large sums of money out of the public treasury to gratify a spirit of national emulation in the support of expensive mail service upon routes the profits of which are shared by the steamships of other nations, and without regard to the compensatory

benefits to be derived from the development of our national resources; instead of granting incidental aid to such projected steamship lines to neighboring countries as promise to be self-supporting after their establishment, and open up to our citizens new avenues of profitable trade and commerce.

The principle adopted in the law authorizing mail steamship service to Brazil, of inviting competition for the service, is in such harmony with the spirit of our commercial policy, and promises so beneficent results, as to commend itself to my approval as one that should be invariably adhered to. But if there be a departure from this policy, it may be well to consider the expediency of adopting the plan of using a portion of the large number of government vessels that will be unemployed upon the restoration of peace, in the forming of mail lines with the principal commercial marts of the world in such manner as will promote the interests of commerce in the transportation of persons and property.

#### APPOINTMENTS.

#### NUMBER OF POST OFFICES.

Including the suspended post offices, the whole number on the 30th June, 1864, was 28,878; of which 19,976 are in the loyal, and 8,902 in the disloyal States. The number of Presidential offices is 705, and 28,173 are under the appointment of the Postmaster General. The number of offices in each State and Territory at the close of the fiscal year is shown in the Appendix, (table No. 11.)

#### CHANGES DURING THE YEAR.

During the year, 619 post offices have been established, 788 discontinued, and 211 changes made of names and sites. The number of cases acted upon was 5,579. Four thousand seven hundred and thirteen postmasters have been appointed, of whom 3,028 were to fill vacancies occasioned by resignations; 674 by removals; 259 by death; 133 by change of names and sites, and 619 on establishment of new offices. The details appear in the Appendix, (table No. 12.)

#### CLASSIFICATION OF OFFICES AND SALARIES OF POSTMASTERS.

Under the provisions of the act approved July 1, 1864, "to establish salaries for postmasters, and for other purposes," the salary of the postmaster of New York, and of the postmasters at offices of the first, second, and third classes, have been fixed as provided by law. (See Appendix, table No. 13.)

The 5th section of the act above referred to authorizes the Postmaster General to allow at the office of New York, and at the offices of the first and second classes, a reasonable sum for the necessary cost of rent, fuel, lights, and clerks. No authority is given to allow for other necessary items, such as repairs of furniture cleaning, stationery, printing, and other incidentals, required in large offices, and I beg leave to suggest that the necessary authority be given to appropriate a reasonable amount out of the revenues of the respective offices to meet such contingencies.

## SPECIAL, ROUTE, AND LOCAL AGENTS AND BAGGAGE MASTERS.

At the close of the fiscal year there were twenty special agents, whose salaries amounted to \$34,100; four hundred and fourteen route agents, receiving \$313,912; fifty-three local agents, \$32,009; and one hundred and five baggage masters in charge of through and express mails, \$6,780.

## LETTER CARRIERS.

The free delivery of mail matter by carriers has been introduced at sixty-six offices, employing, at present, 685 carriers, at an aggregate annual compensation of \$317,061 22.

Tables are herewith annexed, showing the operations of the system. (See Appendix, Nos. 14 and 15.)

## DEAD LETTERS.

## NUMBER RECEIVED.

The number of dead letters of every description received and examined during the year was 3,508,825, being an increase of 958,409 over the preceding year, attributable mainly to the return of large numbers of army and navy letters which it was found impracticable to deliver.

## MONEY AND OTHER VALUABLE LETTERS.

During the year there were registered and remailed to the respective owners, as containing money, 25,752 letters, containing an aggregate of \$131,611 24, of which number 20,059, containing \$104,665 84, were delivered; 4,412 letters, containing \$20,485 49, were returned to the department, being addressed chiefly to soldiers and sailors, and persons transiently at places of mailing or address.

The number of dead letters containing papers of value, other than money, as deeds, bills of exchange, drafts, checks, &c., received, registered, and returned for delivery to the owners, was 12,436, and the nominal value of the enclosures therein was \$1,615,694 75, being an increase over the previous year of 4,104, or about fifty per cent., while the increase in the value of the enclosures was but \$71,416 94. The number of these letters delivered was 11,378, or ninety per cent.

## LETTERS CONTAINING LIKENESSES, JEWELRY, ETC.

During the year 45,380 letters and packages were received containing photographs, daguerreotypes, and articles of jewelry. Of this number, 29,999 were sent out for delivery, 26,607 of which contained photographs and daguerreotypes, 1,410, articles of jewelry, and 1,982, other miscellaneous articles. Of the whole number sent out, 18,213 were delivered to either the senders or parties addressed, the postage on which amounted to \$1,944 24.

## SALE OF ARTICLES NOT DELIVERED.

In May last a large number of packages containing miscellaneous articles which had been accumulating for several years, were classified and sold at public auction, the proceeds amounting to \$1,175 27.

## AGGREGATE OF VALUABLE LETTERS.

The number of valuable dead letters registered and sent out for delivery was 68,187, being 23,574 more than the preceding year, and there were returned to the adjutant general's, quartermaster general's, and other public offices, 11,116 letters and packages containing muster rolls, descriptive lists, and soldiers' discharge papers; 66,691 letters containing postage stamps and money in less sums than one dollar, or articles of less than one dollar in value, were returned to the senders.

## UNMAILABLE LETTERS, ETC.

The number of letters which it was found impossible to forward from the offices where deposited, or to deliver to the parties addressed, because of the postage being unpaid, or on account of being illegibly directed, and which were in consequence sent to the dead letter office was 115,812. Of this number, 72,074 were "held for postage," being addressed to foreign countries, to which the prepayment of postage is compulsory, or to those countries with which the United States have no postal arrangement; 38,068 of the number were "misdirected," or so imperfectly or illegibly addressed that their destination could not be ascertained. A large number of this last class were without any address whatever, and in many instances contained enclosures of value.

During the year there were received at the department 5,112 applications for missing letters, for all of which examinations were made and the applicants notified of the result.

## LETTERS ADDRESSED TO PLACES WITHIN THE REBELLIOUS STATES.

A large number of letters addressed to rebel localities have been returned from various sources to the dead letter office, amounting in the aggregate to 31,423, of which number 28,421 were of domestic, and 3,002 of foreign origin. They were all indorsed "mails suspended," and returned, the domestic to the writers, and the foreign to the countries in which they originated.

## LETTERS WITH FICTITIOUS ADDRESSES.

Within the past year, 4,256 letters addressed to fictitious persons or firms were sent by postmasters to the dead letter office, and thence returned to writers or senders. The addresses were assumed evidently for the purpose of conducting some fraudulent business, and in many instances these letters were found to contain remittances.

## ORDINARY DEAD LETTERS, AND REVENUE THEREFROM.

Under the provisions of the act approved January 21, 1862, 1,068,499 ordinary dead letters, or those not evidently worthless were returned to the writers, after having been placed in new envelopes. Out of this number, 4,044 were returned to banks and insurance companies, 90,856 to business firms, and 917,599 to individuals. Included in the above aggregate are 9,761 letters returned free of postage; these consisted of official letters from the various depart-

ments, and letters sent to the various hospitals for sick and wounded soldiers. 41,016 dead letters written in foreign languages were also returned during the year.

About 24½ per cent. of the whole number sent out for delivery to the writers failed to be delivered and were again returned to the department.

#### AMENDMENTS SUGGESTED.

The gross revenue derived from the dead letter postage collected on the letters sent out and delivered amounted to \$23,558 28, out of which were paid the clerks employed in redirecting them. The collection of postage on such returned letters complicates the accounts under the law fixing salaries for postmasters. These letters must be entered at the mailing, and then at the receiving office, and postage collected; and such as cannot be delivered must be credited to the postmaster when sent to the dead letter office. The aim of the department is to have no unpaid letters in the mails, and to collect all revenues by means of postage stamps, avoiding the necessity of keeping accounts. In future, postmasters are to enter in their accounts only unpaid letters, which are mostly from or to foreign countries, and it seems inconsistent to send thousands daily from this department with instructions to enter them and collect postage. The amount is comparatively small, and yet the attendant labor very considerable. I therefore suggest, as a matter for the consideration of Congress, the propriety of restoring prepaid letters to the owners free of postage, especially in view of the fact that a very large proportion go to persons of moderate means.

#### WHOLE NUMBER OF DEAD LETTERS SENT OUT.

The number of domestic letters of all descriptions sent out from the dead letter office during the year, was 1,403,998. In addition to these large numbers of letters bearing requests for their return to the writers, if unclaimed a specified time, are returned by postmasters without passing through the dead letter office, and constant efforts are made to promote this mode of return.

#### FOREIGN DEAD LETTERS.

The number of letters returned unopened to foreign countries during the year was 162,591, the amount of unpaid postage on which was \$9,161 53. The number received from foreign countries in the same condition, during the same period, was 62,427, and the amount of unpaid postage thereon \$2,088 57. (For particulars, see table No. 16 of Appendix.)

During the first year of the rebellion, the number of letters which passed between the United States and European countries decreased, while at the same time the ratio of letters returned increased. Each subsequent year the correspondence has been increasing, while the ratio of dead letters returned to Europe has decreased, (see table No. 17 of Appendix.)

#### UNCLAIMED MONEY IN DEAD LETTERS.

By authority of an act of Congress, the unclaimed money from dead letters is used to promote the efficiency of the dead letter office, by providing temporary

clerks to assist in the examination and return of letters. The fund thus realized was \$5,083 47, to which was added the proceeds of the sale, hereinbefore referred to, \$1,175 27, making a total of \$6,258 74. Deducting the amount expended for clerks, \$2,966 82, and incidental expenses, \$32 80, a balance remained, June 20, 1864, of \$3,259 12.

#### POSTAL MONEY-ORDER SYSTEM.

The act approved May 17, 1864, authorized the Postmaster General to establish, "under such rules and regulations as he may find expedient and necessary, a uniform money-order system at all post offices which he may deem suitable therefor;" and it further provided that this system should be put into operation during the fiscal year ending June 30, 1865.

A superintendent and assistant have been appointed, one hundred and forty-one post offices have been designated as money-order offices, and the operation of the system commenced on the first instant.

The maximum amount for which a money-order can be issued is fixed by law at thirty dollars, the object of the system being to afford a cheap, immediate, and safe agency for the transfer through the mails of *small sums* of money. The tendency of the system is to exclude money from the mails, the presence of which in letters is a frequent cause of the loss of correspondence, even when the latter does not contain money. The limit of thirty dollars is believed to be sufficiently large to include all that class of remittances now sent in money through the mails, but in exceptional cases more than one order can be procured. The average amount contained in each money letter received at the dead letter office during the fiscal year 1862 was \$4 53; during 1863, it was \$4 20; and in 1864, \$5 18—showing that, as a rule, money remittances by mail are made in small amounts.

#### EXPLANATION OF THE SYSTEM.

The mode by which safety in the transfer of money is secured, consists in leaving out of the order the name of the payee or party for whom the money is intended. In this respect a money-order differs from an ordinary bank draft or check. When a money-order is applied for, the postmaster will furnish the applicant with a printed form of application, in which the latter will enter all the particulars of amount, name, address, &c., required to be stated in the money-order and advice. From the items contained in such application the postmaster will fill up the money-order and also the corresponding form of advice. The order, when completed, is handed to the applicant, upon payment of the sum expressed therein and of the fee chargeable thereon. By the mail immediately following the issue of a money-order, the postmaster transmits the corresponding advice to the postmaster at the office upon which it is drawn. The latter is thus furnished, before the order itself can be presented, with the necessary information to detect fraud, if any should be attempted. A money-order is rendered invalid unless it is presented to the postmaster on whom it is

drawn within ninety days from its date; but the Postmaster General can issue a new order on the application of the payee, upon the payment of a second fee. The same course is to be pursued should the order be lost. In this case, the payee is to furnish a statement, under oath, that the order has been lost or destroyed, accompanied by the certificate of the postmaster that it has not been paid, and will not be paid if thereafter presented. The payee may transfer his order to another party by his indorsement to that effect; but more than one indorsement is prohibited. Persons, therefore, residing at places in the vicinity of those designated in the list of money-order offices can generally avail themselves of this system.

In commencing the money-order business, it has been deemed expedient to begin with the larger offices, and extend it to others as rapidly as possible. Measures will also be taken for its introduction in the army.

The establishment of the system in this country will no doubt lead to arrangements for the interchange of international money-orders with the several foreign countries with which we have direct postal relations.

#### ADDITIONAL LEGISLATION SUGGESTED.

By the eleventh section of the act above referred to, postmasters are prohibited from depositing in any bank money-order funds of which they have the custody. I would respectfully suggest that the business would be facilitated by enabling the postmasters having moneys from this source to deposit in the national banks designated by the Secretary of the Treasury as depositories of the public moneys, to their own credit, and at their risk, and thereby relieve the department from the necessity of furnishing vaults and safes. Substantial advantages would also result to the public interests by permitting all deputy postmasters to deposit in these banks any public moneys in their hands, under like conditions; and I recommend such modification of the law as will authorize such deposits to be made under the direction of the Postmaster General.

I have the honor to be, very respectfully, your obedient servant,

WILLIAM DENNISON,  
*Postmaster General.*

The PRESIDENT.

## APPENDIX.

## No. 1.

*Statement of revenue and expenditures for eleven years, from 1854 to 1864, inclusive.*

Years.	Expenditures.	Revenues.	Deficiencies.
1854 .....	\$8,557,424 12	\$6,955,586 22	\$1,621,837 90
1855 .....	9,968,342 29	7,352,136 13	2,626,206 16
1856 .....	10,407,868 13	7,620,821 66	2,757,046 50
1857 .....	11,507,670 16	8,033,951 76	3,453,718 40
1858 .....	12,721,636 56	8,186,792 86	4,543,843 70
1859 .....	14,964,493 33	7,968,484 07	6,996,009 26
1860 .....	14,874,772 89	9,218,067 40	5,656,705 49
1861 .....	13,606,759 11	9,049,296 40	4,557,462 71
1862 .....	11,125,364 13	9,012,549 56	2,112,814 57
1863 .....	11,314,206 84	*11,163,789 59	150,417 25
1864 .....	12,644,786 20	*12,438,253 78	206,532 42

\* Not including the standing treasury credit of \$700,000 for free matter.

## No. 2.

*Estimates for expenditures for 1866.*

For inland mail transportation.....	\$7,800,000 00
For ship, steamboat, and way letters.....	8,000 00
For compensation to postmasters.....	3,175,000 00
For clerks for post offices.....	1,300,000 00
For payment of letter-carriers.....	400,000 00
For wrapping-paper.....	75,000 00
For twine.....	17,000 00
For office stamps.....	6,000 00
For letter balances.....	2,500 00
For compensation to blank agents and assistants.....	7,000 00
For office furniture.....	2,000 00
For advertising.....	68,000 00
For postage stamps and stamped envelopes.....	250,000 00
For mail depredations and special agents.....	70,000 00
For mail bags.....	60,000 00
For mail locks and keys.....	8,000 00
For payment of balances due foreign countries.....	350,000 00
For miscellaneous payments.....	250,000 00

13,848,500 00

Estimate for the transportation of foreign mails for 1866:

For trans-Atlantic mails.....	182,000 00
Between New York, Havana, and other West India ports.....	48,000 00
Between New York, Central America, and Pacific ports.....	20,000 00
Expenditures for 1866.....	14,098,500 00

## POST OFFICE DEPARTMENT,

*Contract Office, October 31, 1864.*

SIR: For a statement of the mail service for the contract year ended June 30, 1864, I respectfully refer you to the tables hereto annexed:

Table A exhibits the character of the service, the length of routes, the number of miles of transportation, and the cost thereof, as it stood at the close of the contract year in the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Ohio, West Virginia, Michigan, Indiana, Illinois, Wisconsin, Iowa, Missouri, Minnesota, Kentucky, California, Oregon, and Kansas, and the Territories of New Mexico, Utah, Nebraska, Washington, Colorado, Dakota, and Nevada.

On the first of July last the new service in the States of New Jersey, Pennsylvania, Delaware, Maryland, and Ohio was put in operation, the first quarter of which expired on the 30th of September, 1864.

Table B exhibits the service in these States at the close of the contract year, June 30, 1864, and at the close of the first quarter of the current year.

Table C exhibits the railroad service as in operation on the 30th of June, 1864; also the cost per mile in each State.

Table D exhibits the railroad service in the States of New Jersey, Pennsylvania, Delaware, Maryland, and Ohio, as in operation on the 30th of September, 1864.

Table E exhibits the steamboat service for the current year, showing the particulars of each route.

Table F shows the increase and decrease of mail transportation and cost in the several States and Territories during the year ended June 30, 1864.

I have the honor to be, very respectfully, your obedient servant,

GEORGE WILLIAM McLELLAN,

*Second Assistant Postmaster General.*

HON. WILLIAM DENNISON,  
*Postmaster General*

## No. 7.

*Showing operations and results of the foreign mail service for the fiscal year ended June 30, 1864.*

## I.—POSTAGES ON UNITED STATES AND EUROPEAN MAIIS.

The aggregate amount of postage (sea, inland, and foreign) on the mails exchanged with the United Kingdom, was.....	\$852,474 50
With Prussia, was.....	229,522 67
With France, was.....	191,044 98
With Hamburg, was.....	61,111 02
With Bremen, was.....	53,017 78
With Belgium, was.....	12,434 74
Total postages.....	1,399,605 69

Being an increase over the amount reported for the previous year of \$174,930 48.

\* Residue of prior contract received.

The postages on mails *sent* to Europe were as follows, viz:

To Great Britain.....	\$428,886 64
To Prussia.....	113,173 24
To France.....	97,410 01
To Hamburg.....	39,922 43
To Bremen.....	31,541 65
To Belgium.....	5,813 64
Total.....	<u>716,747 61</u>

The postages on mails *received* from Europe were as follows, viz:

From Great Britain.....	423,587 86
From Prussia.....	116,349 43
From France.....	93,634 97
From Hamburg.....	21,188 59
From Bremen.....	21,476 13
From Belgium.....	6,621 10
Total.....	<u>682,858 08</u>

Postages collected in the United States.....	881,730 68
Postages collected in Europe.....	<u>517,875 01</u>

Excess of collections in the United States.....	363,855 67
Number of letters <i>sent</i> from the United States.....	3,315,569
Number of letters <i>received</i> from Europe.....	3,122,539
Total.....	<u>6,438,108</u>

Being an increase of 834,977 over the number reported for the previous year.	
Number of newspapers <i>sent</i> from the United States.....	2,247,278
Number of newspapers <i>received</i> from Europe.....	1,029,346
Total.....	<u>3,276,624</u>

Being an increase of 28,437 over the number reported for the previous year	
The excess of postages on mails <i>sent</i> from the United States to different countries of Europe over that accruing on mails <i>received</i> from the same countries, was as follows:	
Great Britain.....	\$5,298 78
France.....	3,775 04
Hamburg.....	8,733 84
Bremen.....	10,065 52
Total.....	<u>27,873 18</u>

The excess of postages accruing on mails *received* over those *sent*, was as follows:

Prussia.....	3,176 18
Belgium.....	807 46
Total.....	<u>3,983 64</u>

## II.—CLOSED MAIIS.

Weight of closed letter mails <i>received</i> from Prussia, ounces...	121, 764
Weight of closed letter mails <i>sent</i> to Prussia, ounces.....	116, 992 $\frac{3}{4}$
	<hr/>
Total.....	238, 756 $\frac{3}{4}$
	<hr/>
Weight of British closed mails for Canada, ounces.....	47, 099 $\frac{3}{4}$
Weight of Canada closed mails for Great Britain, ounces.....	36, 263 $\frac{1}{2}$
	<hr/>
Total.....	83, 363
	<hr/>
Weight of British and California closed mails <i>received</i> , ounces	22, 428 $\frac{1}{2}$
Weight of British and California closed mails <i>sent</i> , ounces....	7, 442 $\frac{1}{4}$
	<hr/>
Total .....	29, 870 $\frac{1}{2}$
	<hr/>
Weight of British closed mails for Havana, ounces.....	6, 898 $\frac{1}{2}$
Weight of British closed mails for Mexico, ounces .....	33
	<hr/>
Total .....	6, 931 $\frac{1}{4}$
	<hr/>
Weight of Belgian closed letter mails received, ounces.....	3, 119 $\frac{1}{2}$
Weight of Belgian closed letter mails sent, ounces .....	3, 545
	<hr/>
Total .....	6, 664 $\frac{1}{2}$
	<hr/>
Amount paid Great Britain for the sea and territorial transit of closed mails through the United Kingdom.....	94, 820 56 $\frac{1}{4}$
Amount received from Great Britain for the sea and territorial transit of closed mails through the United States.....	38, 983 03 $\frac{3}{4}$
	<hr/>

## III.—OCEAN TRANSPORTATION.

The sea transportation of mails to and from Europe was performed as follows:

By foreign steamships employed as United States mail packets, Of the Canadian line.....	\$145, 562 02

No. 8.

*Additional articles to the articles agreed upon between the Post Office of the United States of America and the Post Office of the United Kingdom of Great Britain and Ireland, for carrying into execution the convention of December 15, 1848.*

In pursuance of the power granted by article 21 of the convention of December 15, 1848, between the United States of America and the United Kingdom of Great Britain and Ireland, to the two post offices to settle the matters of detail, which are to be arranged by mutual consent, for insuring the execution of the stipulations contained in the said convention, the undersigned, duly authorized for that purpose by their respective offices, have agreed upon the following articles:

**ARTICLE 1.**

An exchange of mails shall hereafter take place between the post office of New York and the British packet office at Colon, New Granada, by means of United States mail packets plying between those ports.

**ARTICLE 2.**

The mails forwarded from New York to Colon shall comprise the correspondence addressed to Colon, Santa Martha, Cartagena, or any other port on the Atlantic coast of the republic of New Granada, as well as the correspondence addressed to any place in the interior of New Granada.

**ARTICLE 3.**

Reciprocally the mails forwarded from Colon to New York shall comprise the correspondence originating in Colon, Santa Martha, Cartagena, or other port on the Atlantic coast of the republic of New Granada, or in any place in the interior of New Granada, and addressed to the United States.

## ARTICLE 4.

The present articles shall be considered as additional to those agreed upon between the two offices for carrying into execution the convention of December the fifteenth, one thousand eight hundred and forty-eight, signed at Washington the fourteenth of May, one thousand eight hundred and forty-nine.

Done in duplicate, and signed at Washington on the sixth day of August, one thousand eight hundred and sixty-four, and at London on the tenth day of September, one thousand eight hundred and sixty-four.

M. BLAIR, *Postmaster General United States.*  
STANLEY, *of Alderley.*

---

## No. 9.

## POSTAL CONVENTION BETWEEN THE UNITED STATES AND BREMEN.

*Additional article agreed upon between the Post Office Department of the United States and the Post Office Department of the Hanseatic republic of Bremen, providing for the conveyance of the international correspondence in time of war or threatening war.*

Whenevers, in consequence of war or threatening war, the international correspondence between the United States and Bremen cannot be conveyed by United States or Bremen steamers, it may be conveyed by steamers under neutral flag, subject to all the stipulations, rules, and regulations contained in the several postal conventions heretofore concluded between both countries.

In witness whereof, we have hereto set our names and affixed the seals of our respective offices, this twenty-eighth day of March, one thousand eight hundred and sixty-four, at the city of Washington.

M. BLAIR, [SEAL.]  
*Postmaster General United States.*  
R. SCHLEIDEN, [SEAL.]  
*Minister Resident of the Hanseatic Republics.*

---

## No. 10.

## POSTAL CONVENTION BETWEEN THE UNITED STATES AND HAMBURG.

*Additional article agreed upon between the Post Office Department of the United States and the Post Office Department of the Hanseatic republic of Hamburg, providing for the conveyance of the international correspondence in time of war or threatening war.*

Whenevers, in consequence of war or threatening war, the international correspondence between the United States and Hamburg cannot be conveyed by United States or Hamburg steamers, it may be conveyed by steamers under neutral flag, subject to all the stipulations, rules, and regulations contained in the several postal conventions heretofore concluded between both countries.

In witness whereof, we have hereto set our names and affixed the seals of our respective offices, this twenty-eighth day of March, one thousand eight hundred and sixty-four, at the city of Washington.

M. BLAIR, [SEAL.]  
*Postmaster General United States.*  
R. SCHLEIDEN, [SEAL.]  
*Minister Resident of the Hanseatic Republics*

Missent.....		2,916
Mails suspended.....		104
Refused.....		180
Not called for; not found; not known.....		22,168

Amount of postage due the department from 18,213 letters and packages delivered, \$1,944 24.

## No. 21.

## AUDITOR'S REPORT.

OFFICE OF THE AUDITOR OF THE TREASURY  
FOR THE POST OFFICE DEPARTMENT,

November 5, 1864.

SIR: In submitting to you, as I have now the honor to do, my first annual report of the receipts and expenditures of the department, and of the operations of this office, for the fiscal year ending June 30, 1864, it is proper to state that the brief period which has elapsed since my appointment as Auditor of this bureau has afforded me but little opportunity to make any extended or satisfactory personal examination into the details of its operations, or decide upon the measures it may be found necessary to adopt to meet the progressive increase in its business.

The following comprehensive analysis, furnished from the records of the office, shows the immense and diversified character of the clerical labor performed.

The subjoined tabular statements exhibit, in detail, the nature and extent of the receipts and expenditures of the department, and the operations of this office, as well as the result of our extensive postal intercourse with foreign nations, during the year.

The tabular statement numbered 1 exhibits the receipts of the department under their several heads.

That numbered 2 exhibits the expenditures under the several heads.

That numbered 3 exhibits the postal receipts and expenditures in the several States and Territories.

That numbered 4 exhibits the operations of the free delivery letter-carrier system, as compared with the letter-carrier system under the old system.

That numbered 5 shows the amount of letter postage on British mails received in and sent from the United States.

That numbered 6 shows the amount of letter postage on Prussian mails received in and sent from the United States.

That numbered 7 shows the amount of letter postage on French mails received in and sent from the United States.

That numbered 8 shows the amount of letter postage on Belgian mails received in and sent from the United States.

That numbered 9 shows the amount of letter postage on Bremen mails received in and sent from the United States.

That numbered 10 shows the amount of letter postage on Hamburg mails received in and sent from the United States.

That numbered 11 shows the number of letters and newspapers exchanged between the United States and the United Kingdom, in British mails.

That numbered 12 shows the numbers of letters and newspapers exchanged between the United States and the Kingdom of Prussia, in closed mails.

That numbered 13 shows the number of letters, and newspapers exchanged between the United States and France.

That numbered 14 shows the number of letters exchanged between the United States and Belgium.

That numbered 15 shows the number of letters and newspapers exchanged between the United States and Bremen.

That numbered 16 shows the number of letters and newspapers exchanged between the United States and Hamburg.

That numbered 17 shows the number of letters and newspapers, with the several postages, conveyed by the West India line of ocean steamers.

That numbered 18 shows the number of letters and newspapers, with the several postages, conveyed by the south Pacific line of ocean steamers.

That numbered 19 shows the number of letters and newspapers exchanged between the United States and foreign countries.

That numbered 20 shows the revenue to the United States, also to the United States post office by the Cuuard line.

That numbered 21 shows the amount of postages on mails exchanged between the United States and the British provinces.

That numbered 22 shows the Prussian closed mail account for the year ending December 31, 1863.

That numbered 23 shows the Canadian closed mail account for the year ending December 31, 1863.

That numbered 24 shows the California closed mail account for the year ending December 31, 1863.

That numbered 25 shows the Belgian closed mail account for the year ending December 31, 1863.

That numbered 26 shows the Havana closed mail account for the year ending December 31, 1863.

That numbered 27 shows the Mexican closed mail account for the year ending December 31, 1863.

That numbered 28 shows the account of the United Kingdom of Great Britain and Ireland with the United States for the year ending December 31, 1863.

That numbered 29 shows the account of the general post office of France with the United States for the fiscal year ending June 30, 1863.

That numbered 30 shows the account of the Kingdom of Prussia with the United States.

That numbered 31 shows the account of the general post office at Belgium with the general post office of the United States.

That numbered 32 shows the account of the post office at Hamburg, Germany, with the United States.

That numbered 33 shows the account of the post office of Bremen, Germany, with the United States.

That numbered 34 shows the balances due the United States on the adjustment of accounts between the United States and Belgium.

The numbered 35 shows the amount of postage accounted for on foreign letters sent from and returned to the United States.

That numbered 36 shows the amounts reported as due the steamers of the Canadian line, being the sea postages.

That numbered 37 shows the amounts reported as due the steamers of the German Lloyd line, being the sea postages.

That numbered 38 shows the amounts reported as due the steamers of the Hamburg line, being the sea postages.

That numbered 39 shows the amounts reported as due the steamers of the miscellaneous line, being the sea postages.

That numbered 40 shows the amounts reported as due the steamers of the West India line.

That numbered 41 shows the amounts reported as due the steamers of the South Pacific line.

#### REVENUE ACCOUNT OF THE POST OFFICE DEPARTMENT.

The amounts placed in the Treasury for the service of the department for the fiscal year, being grants by Congress in aid of the revenues under the acts cited below, were as follows:

Under the second section of the act entitled "An act making appropriations for the service of the Post Office Department during the fiscal year ending the 30th of June, 1864," approved February 9, 1863, (12 Statutes at Large, 647).....	\$999,980 00
Under a joint resolution entitled "A resolution for the relief of Carlisle Dohle," approved July 1, 1864, (Private Laws, 1st session, 38th Congress, 16).....	3,968 46
 Total amount of grants drawn from the treasury.....	 1,003,948 46
The balance standing on the books of this office to the credit of the revenue account of the Post Office Department on the 30th day of June, 1863, was.....	1,242,723 09
The receipts of the department for the fiscal year ending June 30, 1864, as presented in the tabular statement herewith, numbered 1, were.....	12,438,253 78
 Aggregate of grants and revenue.....	 14,684,925 33
The expenditures of the department for the fiscal year ending June 30, 1864, together with the arrearages of the previous years, paid during the year 1864, as shown in the statement herewith numbered 2, amounted to..... \$12,644,786 20	
Add amount of accounts closed by being charged to "suspense account".....	21 05
 Leaving to the credit of the revenue account on the 1st day of July, 1864, the sum of.....	 12,644,807 25
 The excess of expenditures of all kinds over the revenue of the year, inclusive of the receipts and payments for foreign postages, and exclusive of the amount to the credit of the department on the 1st day of July, 1863, and of the sums appropriated by the several acts of Congress out of the general revenues of the United States, was.....	 2,040,118 08
To which add amount of accounts closed by being charged to the nominal account of "suspense".....	
 Total excess of expenditures of all kinds over the revenue of the fiscal year ending June 30, 1864.....	 \$206,532 42
	21 05
 The net revenue of the department from postages, being the aggregate of amount of the balances due the United States by postmasters, on the adjustment of their quarterly accounts for the year, after retaining their compensation and deducting the expenses of their offices, was—	 206,553 47
For the quarter ending September 30, 1863 .....	\$1,685,643 72
For the quarter ending December 31, 1863.....	1,799,896 39
For the quarter ending March 31, 1864 .....	2,119,177 99
For the quarter ending June 30, 1864 ... .....	2,136,903 05
 Total net revenue from postages.....	 7,741,621 15

The amount of letter postage paid in money, was:

For the quarter ending September 30, 1863.....	\$189,797 90
For the quarter ending December 31, 1863.....	194,303 93
For the quarter ending March 31, 1864.....	235,588 08
For the quarter ending June 30, 1864.....	249,944 80
Total .....	<u>869,634 71</u>

The number of quarterly returns of postmasters received and audited during the year, and on which the sum of \$7,741,621 15 was found due to the United States, was:

For the quarter ending September 30, 1863.....	19,464
For the quarter ending December 31, 1863.....	19,638
For the quarter ending March 31, 1864.....	19,579
For the quarter ending June 30, 1864.....	19,649
Total number.....	<u>78,330</u>

The total amount of stamps and stamped envelopes sold during the year was:

For the quarter ending September 30, 1863.....	\$2,374,766 27
For the quarter ending December 31, 1863.....	2,514,611 85
For the quarter ending March 31, 1864.....	2,914,713 09
For the quarter ending June 30, 1864.....	2,972,498 37
	<u>10,776,589 58</u>

The amount used in the prepayment of postage, and cancelled, was:

For the quarter ending September 30, 1863.....	\$2,233,292 21
For the quarter ending December 31, 1863.....	2,299,126 24
For the quarter ending March 31, 1864.....	2,624,638 63
For the quarter ending June 30, 1864.....	2,721,098 53
Total cancelled.....	9,878,155 61
The amount sold during the year was.....	<u>10,776,589 58</u>
Leaving in the possession of the purchasers.....	<u>898,433 97</u>

The gross amount collected as registration fees on valuable letters was:

For the quarter ending September 30, 1863.....	\$10,900 90
For the quarter ending December 31, 1863.....	13,088 95
For the quarter ending March 31, 1864.....	14,629 55
For the quarter ending June 30, 1864.....	13,340 20
	<u>51,959 60</u>

#### CONTRACTORS' ACCOUNTS.

The average number of accounts of contractors and others engaged in carrying the mails, settled in each quarter of the year, was:

On regular mail routes.....	3,956
On special mail routes.....	2,217
Of route and special agents.....	1,300
Of mail messengers and local agents.....	1,743
<hr/>	<hr/>
Total number of accounts each quarter.....	9,216
<hr/>	<hr/>
Aggregate of settlements of such accounts during the year... 36,864	<hr/>

## MAIL TRANSPORTATION ACCOUNT.

The amount charged to "accrued transportation," and placed to the credit of mail contractors and others, for mail transportation during the year, was:

For the regular service on mail lines.....	\$5,818,573 46
For supply of "special" and "mail messenger" offices.....	260,510 16
For salaries of route agents.....	297,841 85
<hr/>	<hr/>
	6,376,925 47

## And for foreign mail transportation:

For New York, Southampton, and Havre mails.....	90,791 38
For Liverpool, New York, and Philadelphia mails.....	149,722 39
For Portland and Liverpool mails.....	99,002 00
For New York and Havana mails.....	27,132 38
For New York and New Orleans mails.....	9,027 79
For New York and San Francisco mails <i>via</i> Panama.....	31,098 58
For New York and Jamaica mails.....	1,798 09
For New York and St. Domingo mails.....	503 35
For New York, Beaufort, and Port Royal, S. C., mails.....	7,193 28
For expenses of government mail agent at Aspinwall.....	600 00
For expenses of government mail agent at Panama.....	720 00
<hr/>	<hr/>
	6,794,514 71

The amount credited to accrued transportation, and charged to contractors, for overcredits, damages, &c., during the year, was.....	\$13,394 19
Of fines imposed on contractors.....	2,951 11
Of deductions from their pay.....	41,934 55
<hr/>	<hr/>
	58,279 85

Net amount to the credit of mail contractors and others.....	6,736,234 86
<hr/>	<hr/>

The amount actually paid and credited during the year for mail transportation was.....	\$6,897,053 37
Of which sum there was paid for mail transportation of previous years the sum of.....	160,818 51
<hr/>	<hr/>
	6,736,234 86

## COLLECTION OF POST OFFICE REVENUES.

The number of post offices in operation during the year was 19,976, which are thus classified under the regulations adopted for the government of the department, chapter 26, sections 286 to 289, pages 107 and 108.

The following named offices, sixty-five in number, are denominated depositaries, and are required by the Postmaster General to receive and retain, subject to the drafts of the department, the funds of certain adjacent offices, as well as the revenues of their own:

*List of post offices designated as depositories.*

Post office and State.	Postmaster.
Albany, New York.....	George Dawson.
Baltimore, Maryland.....	W. H. Purnell.
Bangor, Maine.....	J. Weeks.
Batavia, New York.....	George Bowen.
Binghamton, New York.....	W. Stuart.
Buffalo, New York.....	A. M. Clapp.
Chicago, Illinois.....	J. L. Scripps.
Cincinnati, Ohio.....	F. J. Mayer.
Cleveland, Ohio.....	E. Cowles.
Columbus, Ohio.....	J. Graham.

Total due the United States by late postmasters to June 30,	
1863 .....	\$771,356 56
Amount due for the last fiscal year.....	136,064 80
Total amount.....	907,421 36

## COLLECTIONS.

The "collecting division" of this office had charge of the following number of accounts during the fiscal year:	
Of postmasters.....	19,976
Of late postmasters whose terms of service expired between July 1, 1845, and June 30, 1863.....	24,872
Of late postmasters for the last fiscal year .....	5,501
Total number.....	50,349

The number of changes of postmasters reported by the appointment office of the Post Office Department during the year, requiring the final adjustment of their respective accounts, was 5,501, and the balances ascertained to be due the United States thereon amounted to..... \$306,462 42

Brought forward.....	\$306,442 42
Of which there was collected.....	155,072 68
Credited on vouchers.....	17,481 16
Charged to "suspense" account.....	126 13
	<hr/>
	172,679 97
Amount remaining for collection.....	<hr/> 133,782 45
Of which there is in suit.....	<hr/> 578 31
Amount due and not in suit.....	<hr/> 133,204 14
	<hr/> 133,782 45
The balance due the United States by late postmasters, whose terms of office expired between July 1, 1845, and June 30, 1863, uncollected and <i>not in suit</i> , as stated in the last annual report of this office, was.....	<hr/> \$288,373 63
Which was increased by "estimated postage".....	9,228 71
Total for collection during the fiscal year ending June 30, 1864..	297,602 34
Of which sum there has been collected.....	\$37,909 37
Credited on vouchers.....	28,309 87
Charged to "suspense" account.....	14 77
Charged to "bad debt" account.....	24 36
	<hr/> 66,258 37
Amount uncollected June 30, 1864.....	<hr/> 231,343 97
Of which there has been placed in suit.....	20,755 73
Amount due and not in suit.....	<hr/> 210,588 24
	<hr/> 231,343 97

## SUMMARY OF DEBTS AND COLLECTIONS.

The aggregate amount due the United States on the 30th of June, 1863, by late postmasters, whose terms of office expired between July 1, 1845, and June 30, 1863, was.....	\$771,356 56
Add amount due by late postmasters for the last fiscal year.....	306,462 42
Increase by estimated postages, penalties, and other charges....	12,838 42
Total for collection during the year.....	1,090,657 40
The amount collected and credited on accounts due prior to June 30, 1863, which includes the sum of \$14,267 55, collected by suit, was.....	\$80,526 22
On accounts for the last fiscal year.....	<hr/> 172,679 97
	<hr/> 253,206 19
Amount remaining due the United States on June 30, 1864.....	837,451 21
Of which there is in suit.....	470,620 75
And not in suit.....	366,830 46
	<hr/> 837,451 21

The above sum of \$470,620 75, alleged to be in suit, includes the balance of \$170,947 67 due from Isaac Fowler, late defaulting postmaster at New York, N. Y., as well as large sums due by late postmasters at New Orleans, La., a late postmaster at Mobile, Ala., and other late postmasters in the rebellious States.

The Solicitor of the Treasury, under Mr. Buchanan's administration, proceeded on the 12th of May, 1860, with a view of collecting the same, by distress warrant, under the act of May 15, 1820, entitled "An act for the better organization of the Treasury Department;" no suit having been instituted by this officer for the recovery of the said balance of \$170,947 67.

#### BALANCES DUE TO LATE POSTMASTERS.

Balances apparently due to late postmasters whose terms of office expired between July 1, 1845, and June 30, 1863, as stated in the last annual report of this office.....	\$317, 381 71
Which has been increased by the allowance of additional vouchers .....	6, 430 97
	_____
Total .....	323, 812 68
Amount paid, or closed by adjustment during the year of balances due prior to June 30, 1863.....	14, 330 47
	_____
Leaving due to June 30, 1863.....	309, 482 21
Add amount due to late postmasters for the last fiscal year.....	37, 927 43
	_____
Total.....	347, 409 64
Amount paid, and closed by adjustment during the year.....	3, 602 90
	_____
Amount apparently due to late postmasters, July 1, 1864.....	343, 806 74
	_____

#### SUITS.

The amount due by late postmasters whose terms of office expired between July 1, 1845, and June 30, 1863, for the collection of which suits were instituted prior to July 1, 1863, as stated in the last annual report of this office, was.....	\$337, 526 93
Add amount of 129 new cases, commenced during the fiscal year, for the collection of balances due on accounts prior to July 1, 1863.....	20, 546 52
Add, also, amount of three new cases on account of the fiscal year.....	209 21
	_____
Amount in suit during the year.....	358, 282 66
Amount collected during the year.....	27, 835 61
	_____
Leaving still due, June 30, 1864.....	330, 447 05
	_____

## EMOLUMENTS AND COMMISSIONS.

A surplus of emoluments and commissions accrued at the following post offices, after deducting the maximum compensation of \$2,000 per annum of the postmasters, and the necessary incidental expenses of the offices during the fiscal year ending June 30, 1864, viz :

The foregoing surplus of emoluments and commissions exceed, in the aggregate, that which accrued during the fiscal year ending June 30, 1863, in the sum of \$132,494 16.

## CONCLUSION.

The satisfactory results attained through the operations of the department and this bureau deserve more than ordinary attention.

The success of the Post Office Department, in availing itself of its scattered revenues, may challenge a comparison with any other system of fiscal management now extant. It maintains an expenditure equal to its revenues by a reliance, mainly, upon the fidelity of more than nineteen thousand agents, who collect it from the people, and upon a machinery adapted to reach it in their

hands, under all the difficulties arising from the great extent of our country, and the troubles and embarrassments growing out of the present rebellion.

As the revenue of the past year has been paid over to the use of the department with unexampled punctuality, so it is gratifying to know that it has been disbursed with equal promptitude in the payment of its public creditors.

The systematic and rigid rules adopted by this bureau for the collection of the accruing revenues can only be maintained by a faithful observance of the order of the Secretary of the Treasury, requiring the regular attendance of its officers, and, as nearly as practicable, an equal distribution of duties. For the more convenient government and despatch of business, this office is divided into six sections, or sub-offices, viz: the examiner's, the register's, the pay, the book-keeper's, the collection, and the miscellaneous. So far as the duties of any of these sections are periodic, there is a fixed day upon which the clerks are required to report to me the completion of the work, and I am happy to be able to state, that, whilst there has been no diminution of the business, but rather an increase, corresponding with the continued increase of preceding years, there has been no abatement of application and exertion on the part of a large majority of the clerks to the business in its various branches.

Respectfully submitted,

E. SELLS, Auditor.

Hon. WILLIAM DENNISON,  
Postmaster General.

#### MISCELLANEOUS PAYMENTS.

*A detailed statement, under the head of the payments made by this Post Office Department for the fiscal year ended June 30, 1864, exhibiting the following sums placed to the credit of postmasters and others, and charged to miscellaneous account, viz:*
