Control

The Marietta Provisionals

The E01 type Marietta provisionals were prepared by striking envelopes with an office “PAID” and “5” marking. An undated town postmark was added as a control.

The E02 type provisionals were prepared by putting “PAID / 5” in place of the date logs in the small double circle town postmark. This marking was then struck on envelopes.

The E02a and E02b provisionals were prepared by striking the E02 marking on envelopes and then over striking the marking with a “10” or “PAID” and “10” markings,
