

Census of Albany, GA, Stampless Provisionals

Compiled by Francis J. Crown, Jr.

Description

ALB-GA-E01

ALB-GA-E01a

ALB-GA-E03

ALB-GA-E04

Albany Provisionals

The Albany postmaster, Edmund Richardson, prepared several different markings to handstamp provisional envelopes. The 5c marking (ALB-GA-E01) and the 10c marking (ALB-GA-E04) were made by reworking the prewar PAID marking illustrated at the right. The date logos were removed and replaced with a "5" or "10" marking as needed. The rim of the postmark was worn or cut down so that in most cases the rim is not visible.

The 10c marking (ALB-GA-E03) was prepared from the prewar postmark illustrated at left. In this case the date logos were removed and replaced by "10" and "PAID" markings.

The 10c marking used to revalue the 5c provisional marking (ALB-GA-E01a) is illustrated at right. It is similar to the 10c marking (ALB-GA-E04), but the "10" is smaller.

NOTE: The inclusion of an item in this census is not a guarantee of authenticity.

The Missing Marking

The “5 / PAID” marking illustrated at right is listed in catalogs, but no example has been found. It is possible the marking is a fabrication based on the 10c provisional (ALB-GA-E04).
