

Census of Chattanooga, Tennessee, Stampless Covers

Compiled by Francis J. Crown, Jr.

Description

Type A

Type C

Type D

Type F

Type G

Type H

Chattanooga Stampless Markings (not to scale)

The different markings are identified by the 2012 *Confederate States of American (CSA) Catalog and Handbook* Stampless Type. The letters "X, Y, and Z," are used to designate added items not in the CSA Catalog. The absence of a CSA Catalog Type in the illustrations above indicates that item is not included in the census.

This census is based on images of covers. Only covers for which an image was obtained are listed in the census. For this reason, this census may be far from complete.

NOTE: Every effort is made to ensure the accuracy of the census, but the inclusion of an item is not a guarantee of authenticity.

Count of the Chattanooga Stampless Covers

Marking	Color	Type	Covers	Everett Count*
PAID / 5 (in hexagon)	Black	A	14	14
PAID / 10 (in circle)	Black	C	2	2
DUE / 10	Black	D	16	--
DUE / 10 revalued 20 (ms)	Black	Dx	1	--
5 [due]	Black	F	3	--
10 [due] (small)	Black	G	4	--
10 [due] (large)	Black	H	4	2

* See "Stampless - Important Information" on Stampless Covers page for information on the Everett Count.

Notes

Type A Marking

The Type A marking started out as a circular PAID / 5 marking. Over time it evolved into a hexagonal marking as shown in the images below.

25 June

8 July

22 July

18 August

29 August

20 September

In June, the marking was almost circular. In July, the rim began to show signs of indentations. By August, the marking had become hexagonal in shape. What caused the marking to change in shape is unknown.

DUE / 20 Marking.

The CSA Catalog lists this as a separate marking however, on close examination Figure It appears to be no more than a revalued 10 marking. In the illustration below there appears to be a "1" with a top serif on the right side of the "2." For this reason, the marking is given the Type Dx in this census instead of the Catalog Type E.

On the next page are two images obtained using Postmark Reveal. These image more clearly show the "1."
