

Census of Camden, Arkansas, Stampless Markings

Compiled by Francis J. Crown, Jr.

Description

Type A

Type B

Type D

Camden Stampless Markings (not to scale)

The different markings are identified by the 2012 *Confederate States of American (CSA) Catalog and Handbook* Stampless Type. The letters "X, Y, and Z," are used to designate added items not in the CSA Catalog. The absence of a CSA Catalog Type in the illustrations above indicates that item is not included in the census.

Items are presented in the census in the order of the illustrations above.

This census is based on images of covers. Only covers for which an image was obtained are listed in the census. For this reason, this census may be far from complete.

NOTE: Every effort is made to ensure the accuracy of the census, but the inclusion of an item is not a guarantee of authenticity.

Count of the Camden Stampless Markings

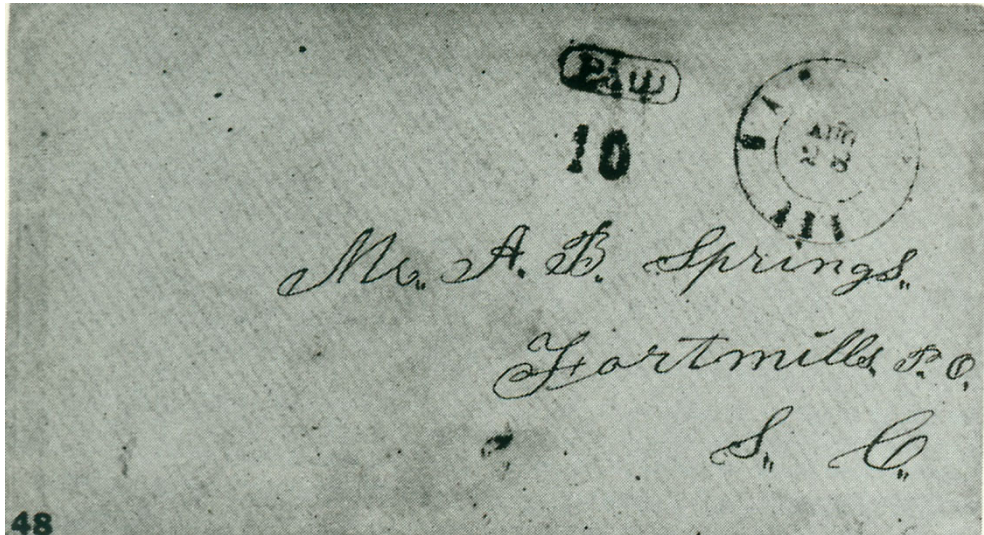

Marking	Color	Type	Covers	Everett Count*

DUE (in arc) / 10	Black	D	5	--

* See "Stampless - Important Information" on Stampless Covers page for information on the Everett Count.

Notes

The Type C Marking

The 2012 CSA Catalog includes a Type C marking (see illustrations below). The marking is on a cover with a double circle postmark in which the state abbreviation is not distinct. Further this is the only example of this marking known. Until the Camden double circle marking can be confirmed or a second example of the Type C marking found, the marking is omitted from the census.
