

Census of Robertville, South Carolina, Stampless Markings

Compiled by Francis J. Crown, Jr.

Description

Type A

Type B

Type C

Type D

Robertville Stampless Marking (not to scale)

The different markings are identified by the 2012 *Confederate States of American (CSA) Catalog and Handbook* Stampless Type. The letters "X, Y, and Z," are used to designate added items not in the CSA Catalog. The absence of a CSA Catalog Type in the illustrations above indicates that item is not included in the census.

Items are presented in the census in the order of the illustrations above.

This census is based on images of covers. Only covers for which an image was obtained are listed in the census. For this reason, this census may be far from complete.

NOTE: Every effort is made to ensure the accuracy of the census, but the inclusion of an item is not a guarantee of authenticity.

Count of the Robertville Stampless Markings

* See "Stampless - Important Information" on Stampless Covers page for information on the Everett Count.

Notes

The Type C (“10”) Marking

The “10” marking varies in appearance. Sometimes it looks like it might have had a frame, other times no hint of a frame shows. Finally, it sometimes appears as a “12” (right image below). This may be the result of under inking. See the examples below.
