Description

Type C

Type D

Type E

Type G

Okolona Stampless Markings (not to scale)

The different markings are identified by the 2012 *Confederate States of American (CSA) Catalog and Handbook* Stampless Type. The letters "X, Y, and Z," are used to designate added items not in the CSA Catalog. The absence of a CSA Catalog Type in the illustrations above indicates that item is not included in the census.

Items are presented in the census in the order of the illustrations above.

Only stampless covers with a handstamped marking are included in the census.

This census is based on images of covers. Only covers for which an image was obtained are listed in the census. For this reason, this census may be far from complete.

NOTE: Every effort is made to ensure the accuracy of the census, but the inclusion of an item is not a guarantee of authenticity.

Notes

Type F - DUE Marking (not enclosed)

The 2012 CSA Catalog includes this marking as an unillustrated listing. A marking of this description is not listed in the 1959 *Dietz Catalog* or the 1986 *New Dietz Catalog*. Nor was such a marking found in the reference files used to prepare the 2012 CSA Catalog. For these reasons the listing may be an error.
