

Census of Flat Rock, North Carolina, Stampless Markings

Compiled by Francis J. Crown, Jr.

Description

Flat Rock Stampless Markings (not to scale)

The different markings are identified by the 2012 *Confederate States of American (CSA) Catalog and Handbook* Stampless Type. The letters "X, Y, and Z," are used to designate added items not in the CSA Catalog. The absence of a CSA Catalog Type in the illustrations above indicates that item is not included in the census.

Items are presented in the census in the order of the illustrations above.

This census is based on images of covers. Only covers for which an image was obtained are listed in the census. For this reason, this census may be far from complete.

NOTE: Every effort is made to ensure the accuracy of the census, but the inclusion of an item is not a guarantee of authenticity.

June 1861 Uses: There are recorded uses of Paid 5 stampless covers in 1862. Thus, is it not possible to date Paid 5 covers to 1861 unless there is corroborating evidence.

Count of the Flat Rock, Stampless Markings

Marking	Color	Type	Covers	Everett Count*
PAID + 10 (ms)	Black	A	1	2
PAID + 20 (ms)	Black	Aa	1	--
PAID (in arc) / 5	Black	B	9	11
PAID (in arc) / 5 + 5	Black	Bx	1	--
PAID + 10 (sans serif "1")	Black	C	2	1
PAID / 10 (serifed "1")	Black	D	20	27
PAID / 10 (serifed "1") + 10	Black	Da	2	2

* The Everett Count **is not always accurate**. For more information [click here](#).

Notes

Four Character Month Abbreviations

A number of years ago a Flat Rock cover with a month date of "SEPT" was opined as fake. Since then, several other covers with the "SEPT" month were classified as fakes. One of the most interesting is illustrated below with its caption.

Figure B. 10-star flag design. Genuine 10 cent lithographed stamp tied by counterfeit Flat Rock, N.C. postmark. The "SEPT" in the postmark is the wrong type style and the correct abbreviation should be "SEP," three letters instead of four. This patriotic design, with spearhead on the staff and field holding three inner stars within a ring of seven outer stars, is not known to have been postally used in the Confederate States.

Reprinted from Confederate Patriotic Covers and their Usages, by Benjamin Wishnietsky. Page 139.

In this case the patriotic flag design which is not known postally used during the Confederate period lends some credence to the postmark also being fake. But the postmark and stamp can be genuine and only the flag design fake!

So how did a cover with the Flat Rock postmark month spelled "SEPT" come to be opined as a fake. It is probably because the examiners expected the month to be spelled "SEP." This was a logical conclusion considering the month September is normally abbreviated as "SEP" in postmarks. But had the examiners gone further and looked at other Flat Rock covers they would find Flat Rock used "JUN" and "JUNE," "JUL" and "JULY," and "SEP" and "SEPT." Thus, a "SEPT" month abbreviation in a Flat Rock postmark is not a reason to state the postmark is fake.

Acknowledgement: My thanks to Tony Crumbley who helped unravel the mystery of the four-character abbreviations in Flat Rock postmarks.
