* The Everett Count is **not always accurate**. For more information [click here](#).

NOTE: Every effort is made to ensure the accuracy of the census, but the inclusion of an item is not a guarantee of authenticity.

Notes

The Type C Marking (PAID / 5 (in circle))

A complete circle does not show on strikes of this marking, which are also weak (see examples below). It appears that the left side and top of the circle broke off and eventually the whole circle was gone.
